LETHBRIDGE, ALBERTA, N.W.T.

Sir:- I find that when building my house as I thought on the N E¼ Sec: 10-2-26 W 4th M. the quarter Section for which I obtained entry, that I built just across the line dividing this quarter from the N W¼ of the same Section for which land my brother Placide Gelis obtained entry and as my house is built of logs it would be impossible to move it without tearing it down, my brother is willing to take the land for which I made entry as he has not yet commenced to build, and allow me to keep his quarter Section. Can you make the exchange without any expense as I am poor, and require all my means for making improvements on the land.

Your immediate attention to this matter will much oblige

Sir:-

I am willing that an exchange should be made of the entries granted me and my brother Urbain Antoine Gales as my brother made a mistake and built on the quarter section for which I made entry

Dear Sir;

Last fall I entered for the N.E.1/4 of sec 30, Tp 32, R 2, west of 5th. In your letter you gave me until June to get on the place. I beg leave under the following circumstances to ask for an extension of time. I have got out my house logs have them on the place, also logs for a small barn. I am this year cropping the five acres that were broken. I am residing in the vicinity and would move with my family on the place but my wife's condition is such as render it necessary that she should be as near to medical attendance as possible until September.

I shall not therefore be able to move my family on the place till about Xmas. I could if you think proper sleep myself on the place during the time I am putting in the crop and taking it off.

I should ølike an extension of time on these grounds.

Referring to your letter of May 2nd File 484377
I beg to say that I have no complaint to make with
regard to the Indians and have not yet been
asked to break. I shall also not require
seed for seeding this Spring.
No doubt the department will receive applications
Alberta supplies should be made during the
months of August and September.
I require some more cattle & implements
for stables and I could use about one hundred
for drawing loads, being extremely busy at present.
When the fine weather has come in the Spring I
may require to utilize that time in putting up
hay for my cattle and horses.
I have been given to understand that certain parties
are trying to cancel my claim.
I beg to remind the department that I am a married

Sir;

I have been hailed out this year all the 5 acres which I put in and my neighbors have been hailed out some of them 3 years. I believe that this locality is a hail belt.

Another fact is I was under the impression that a school would be erected and now I see that no school will likely be erected for some years? I have a family of 5 and must get them to some school.

Will the Government allow me to change my quarter and if so on what conditions ? N.E.1/4 of 30 - 32 - 2, west 5th.

Will they allow me to take of my wire that I have put on and also the buildings logs I have drawn there in case I should give up my quarter ? Do the Department allow a father to take up land for his sons under 18 ?

I beg leave to thank the Department for the consideration which they have already shown me.

Yours truly,
"H.B.Adshead"

P.S.

I paid the Government for breaking done by my predecessor - will they allow me this on a new homestead. If any papers are necessary please forward them.

Dear Sir,

Your letter of the 23rd ultimo, files 207/373, 374 and 375, in which you request information regarding the nationality of Nicholas Munroe Bame, has been received in this office.

Homestead entry for the NE¼ 30 - 38 - 2 W.5th M. was applied for on the 15th March, 1900, by George Matthew Murton on behalf of Nicholas Munroe Bame, who was said to be single and an American citizen from Nebraska. Mr. Bame applied for patent for the land 5th January, 1906, and in his sworn statement of that date declared that he was 24 years of age, had been married since the 5th April, 1905, and was a British subject by virtue of his father, Mr. Edward Bame, having become naturalized prior to his (Nicholas') coming of age.

I am asking the Under-Secretary of State, Naturalization Branch, Ottawa, by a copy of this letter, to please advise you what his records show regarding the naturalization of Edward Bame, who formerly lived in Olds, Alberta, and his son, Nicholas Munroe Bame.

Yours very truly,

J. Lorne Turner,
Registrar of Lands.

CC for J. Lorne Turner, Esq., Registrar of Lands, Ottawa - reference copy of his letter of the 9th March - files 484577 & 327729.

Sir,

By a copy of his letter to you, dated the 9th instant, theRegistrar of Lands, Department of Mines and Resources, Ottawa, has forwarded to this office a copy of your letter of the 27rd ultimo, concerning the status of Nicholas Munroe Bame.

There is no record of a naturalization in the name of Nicholas Munroe Bame. There is on file, however, a letter from Roy Edward Bame, of Box 484, Ferndale, Washington, dated the 21st January, 1939, wherein he states that his grand-father, Edward Bame, a native of Germany, came to Canada in 1893, and that Edward Bame's son, Nicholas Monroe Bame, a native of Nebraska, who was born in 1881, migrated to Canada in 1893.

I informed Mr. Roy Edward Bame that, according to the files of this department, one Edward Bame, occupation not given, of Olds, Alberta, formerly of Nebraska, U.S.A., was naturalized in Canada through the Supreme Court, Calgary, Alberta, on the 20th June, 1896.

If Nicholas Munroe Bame can be identified as a son of Edward Bame and if he was residing in Canada with his father during his minority and prior to the first January, 1915, he is deemed to have acquired the status of a British subject by his father's naturalization.

I have the honour to be,
Sir,

Sir,-

E.½ Sec. 14 Tp. 4[illegible] Rge. [illegible] West 4 Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Ref. - 25762

OTTAWA, July 30th, 1928.

Sir,-

S.E. ¼ of Sec. 6 Tp. 50 Rge. 23 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

William Abercrombie Kettyls, Esq.,
High Prairie, Alberta.

Sir;

I have the honor to enclose herewith an application from Mr. John Thomas Cooper of this City, to purchase the whole of section 28 - 20 - 2, west of the 5th, containing 640 acres under the irrigation system. Mr. Cooper states that he expects to be able to irrigate about 100 acres, but he thinks later on he may possibly be able to irrigation 500 acres. The N. E. 1/4 of this section is cancelled land, the balance has always been vacant and I do not think it advisable to sell even numbered sections which have usually been held as homestead land. The question arises whether or not it would be better to sell the land under the irrigation system in order that a greater amount of feed may be produced or allowed to be taken up by homesteaders - 160 acres in a piece - who may never irrigate. The offer Mr. Cooper to pay ten cents per acre per year for ten years, he claims is under the irrigation system. Heretofore all applicants have had to pay $ 1.00 per acre down for the land and have been given five years within which to complete their improvements, failure to place the improvements upon the land within that time, all claim should lapse. Under ordinary circumstances I would recommend this application. You will observe that Mr. Cooper is liable to be able to irrigate 500 acres and the irrigable land would be out of all proportion to the non-irrigable land, besides he only offers to pay ten cents per year for ten years without interest.

Sir;

I have the honour to enclose herewith copy of a letter from Mr. James McDonough of Millarville, in reply to this office letter of the 14th instant, No. 31607, File 26334. Copy of which is also enclosed herewith, stating that he would like to obtain homestead entry for the N.E.1/4 of 28 - 20 - 2, west of the 5th, and enclosing the sum of $ 10.- for the entry fee, which should have been $ 15. as the land is cancelled land.

On the 23rd Jan. last an application was made to purchase this land under the irrigation system, at one dollar per acre, terms 10 per cent down and the balance in nine annual instalments without interest, but from the tenor of your letter dated 27th December, 1898, File 486086, I take it that the application will not be entertained.

Mr. McDonough is being informed that this office has no power to hold lands for any one.

at $1.00 & will irrigate all irrigable parts of it & would request permission to erect a dam on section 11 S.E ¼ at a place marked as shade on the map or a little further up in order to create a reservoir & the only feasible way to irrigate the above land. & would also request you to kindly let me know the quantity of water required to irrigate 634 acres. —

The land whereon I intend to erect my dwelling house is being swampy. —

Then I would ask permission to
bridge Highwood River at my place,
the river being fordable for 3 or 4 months; my horses
range on the other side of the river & I
was compelled to do without them this spring
for above reasons and came near sacrificing human life on several occasions in
attempting it over.

I intend to build a good solid
log suspension bridge about 250 feet
long & to cost about $1000.

Your prompt attention will
greatly oblige

Sir:

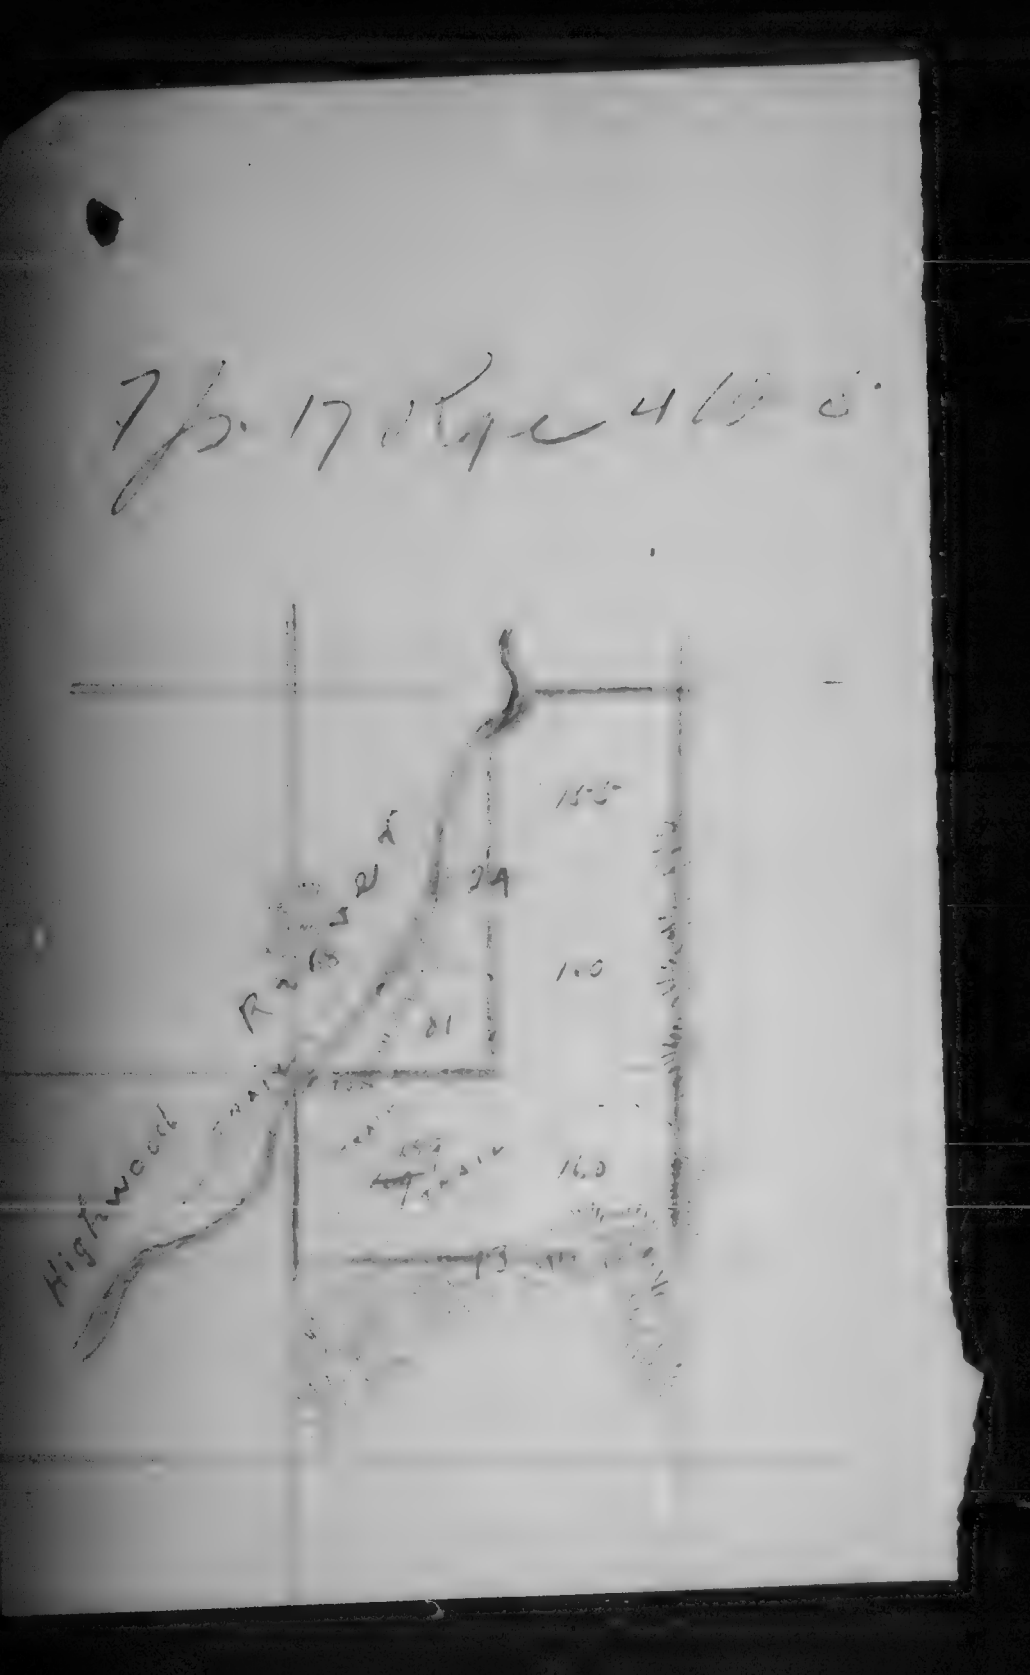

Referring to your communication of the 31st Ult., File 486143, with reference to the application of Mr. A. Pflughaupt to be allowed to purchase the N. 1/2 of 13 and the E. 1/2 of 24, Tp 17, Rg 4, west of the 5th at the rate of one dollar per acre under the irrigation system. I know of no objections to the land being sold under that system. You will observe that the land adjoins, that there are 81 acres included in that portion of the S. W. 1/4 of 24, east of High River and a 24 acres of the N. W. 1/4 east of High River which should be purchased along with the other land. I do not know of course whether all of the N. 1/2 of 13 and the E. 1/2 of 24 can be irrigated or not. Mr. Pflughaupt states that he will irrigate all the irrigable portion of it and it would seem from that that only a portion of the land is irrigable. If it can all be irrigated Mr. Pflughaupt should be compelled to take pasture land in addition. According to the recommendation made by Mr. Dennis and Mr. Pearce I think the proportion is about 80 per cent non-irrigable lands to 20 per cent irrigable lands. The result of his surveys when he applies for the right for irrigation will show to what extent his irrigation scheme will cover or supply.

I beg to draw your attention to the fact that the reference numbers given in your letter are wrong. Instead of file 25559 you should have stated 26559. This office has no such reference numberas 477703.

Department of the Interior,

Ottawa. 26th October, 1899.

Sir,

I am directed to inform you that the Agent of Dominion Lands at Calgary has forwarded here an application made by Mr. A. Pflughaupt to be allowed to purchase the North half of Section 13 and the East half of Section 24, Township 17, Range 4 West of the 5th Meridian at the rate of $1.00 per acre, under the irrigation system. This land it appears is within the reserve recommended by yourself as protection to the water-shed in connection with irrigation, but is otherwise clear.

Will you be good enough to let the Department know if this reserve is now needed for the purpose for which it was made, or should the application be favourably entertained.

Your obedient servant,

Lyndwode Pereira

Sir,

I beg to acknowledge the receipt of your letter of the 26th instant, Ref. 486143, stating that the Agent of Dominion Lands at Calgary has forwarded to the Department an application made by Mr. A. Pflughaupt to be allowed to purchase the North half of Section 13 and the East half of Section 24, Tp. 17, Rg. 4 West of the 5th Meridian at the rate of $1 per acre under the irrigation system, which land is within the reserve recommended by me as protection to the watershed in connection with irrigation, but is otherwise clear; and asking whether the reserve is now needed for the purpose for which it was made, or if the application should be favourably entertained.

In reply I beg to say that on August 11, 1898, the Agent at Calgary forwarded to this office copies of an application from Mr. Pflughaupt to purchase the land above mentioned, together with copy of his letter of August 11, 1898, to the Department on the subject. On August 18, 1898, I wrote Mr. Plfughaupt giving him details of the procedure to be adopted in acquiring a water right, but no reply has been received from that gentleman.

I understand

The Secretary of the
Department of the Interior,
Ottawa.

I understand that within the past few weeks Mr. Pflughaupt has deceased, and probably the Agent at Calgary will be able to give you further information on this point.

Sir;

Replying to your communication of the 23rd ult., File 486133, regarding Mr. A. Pflughaupt to be allowed to purchase the N.1/2 of section 13 and the E.1/2 of section 24 - 17 - 4, west of the 5hh, at $ 1.- per acre under the irrigation system, I beg to inform you that what Mr. Dennis has informed you is correct. Mr. Pflughhaupt became insane some few months ago and was sent to Brandon asylum but was evidently allowed to return home too soon as on his return to his Ranche at Pekisko he committed suicide by shooting himself with a revolver and cutting his throat I think as well.

Mrs Pflughaupt and the deceased's stepson are still at the ranche.

Sir,

I beg to acknowledge the receipt of your letter of the 21st ultimo, Ref. 486143, relative to the application of the late Mr. A. Pflughaupt to be allowed to purchase the North half of Section 13 and the East half of Section 24, Township 17, Range 4 West of the 5th Meridian at the rate of $1.00 per acre under the irrigation system, and asking me to report whether Mr. Pflughaupt's estate intend to take any steps to renew the application made by him in his life time, or if any further notice need by taken of such application.

In reply I beg to say that the Solicitors for the executors of the late Mr. Pflughaupt state they are at present making an application to the Court for probate of the will and as soon as this has been granted the executors will be in a position to take such course as they may decide upon regarding the proposed purchase, and in the meantime they ask that the matter may be allowed to remain in abeyance.

I would recommend that their request be complied with and that no further action be taken in the matter at present.

Memorandum.

The Agent at Calgary submitted on the 11th August, 1898, an application from Mr. A. Pflughoupt to purchase under the irrigation system the N. ½ of Section 13 and the E. ½ of Section 24, Township 17, Range 4, West of the 5th Meridian. The Department was, however, subsequently advised that the applicant had died.

Mr. J. S. Dennis, then Deputy Commissioner of Public Works, informed the Department under date the 8th January, 1900, that the solicitors for the executors of the deceased stated that they were making an application to the Court for probate of the Will; and that, as soon as this had been granted, the executors would be in a position to take such action as they might decide upon with regard to the proposed purchase, and that in the meantime they had asked that the matter be allowed to remain in abeyance. Mr. Dennis recommended that their request be complied with; and such recommendation having been approved, the local Agent was so advised on the 18th January, 1900. No further action would appear to have been taken in the matter.

The Agent at Calgary now encloses a letter from Mr. A. J. W. Koch, of Eden Valley Ranche, Pekisko, Alberta, who, he states, is the stepson of the late Mr. Pflughoupt, making application to purchase the lands above mentioned. Mr. Koch states that he desires to buy the land as he has done of it improved; and that he was under the impression that his stepfather

J. W. Greenway, Esq.,
Commissioner of Dominion Lands.

stepfather had bought it until recently, when he discovered that the latter had had only the ditch surveyed on it.

The lands applied for are vacant in the records of the Department. They are in the Calgary & Edmonton Railway Company's land grant, but have not yet been selected.

PATENT BRANCH. JUN 7

Sir,

I have the honor to acknowledge receipt of your letter of the 18th instant, file [illegible] T.M., with enclosures, relative to the application of Mr. [illegible] J. A. Koch, of Pekisko, for permission to purchase the N.½ of sec. 24, tp. 17, rg. 4 west of the 5th meridian, and in reply would say that Mr. Koch called at this office recently and was informed of the action necessary to be taken by him to submit his memorial and plans in connection with the proposed scheme for the diversion of water for the irrigation of the lands applied for.

Upon receipt here of the necessary memorials and plans the matter will receive attention and a further communication made to your Department on the subject.

Your obedient servant,

General Remarks Continued :—

Sir

With reference to your letter dated March 24th last requesting a report with regard to the area which could be brought under cultivation on the above land I beg to inform you that after a careful inspection & going over the surveyed lines very closely with Mr Beaudry we found that Mr Beaudry only has 8 acres broken actually upon the homestead the remaining 45 acres lying upon the adjoining ¼ which Mr Beaudry also owns. The remainder of this ¼ section is situated upon a big hill & is very rough land only suitable for grazing owing to its nature & this land lies extremely difficult to trail just where the lines run there being no fences in the vicinity to lead up with & in a good many cases to mounds being trampled out of recognition. I am firmly convinced that Mr Beaudry acted in perfect good faith & I therefore took a fresh application for patent from him giving the correct area of his breaking & I would recommend that Mr Beaudry be allowed to obtain his patent with [illegible]

Mr. Hume;

Re. NE.¼ of 24-17-4-W-[illegible]th Mer.
Application for Patent Oscar Beaudry
Not recommended.

This man has performed his residence duties by living on purchased land in the vicinity. He has only five acres broken and five acres in crop. He should have fifty acres broken and thirty acres in crop.

He has also;

105 head of cattle,
300 head of horses
Wintering sheds valued at $200.00
Only ½ miles of fencing.

The homestead inspector in his report dated September 1914 states as follows;

"With reference to your letter dated March 24th last requesting a report with regard to the area which could be brought under cultivation on the above land, I beg to inform you that after a careful inspection & going over the surveyed lines very closely with Mr. Beaudry we found that Mr. Beaudry only has 5 acres broken actually upon the homestead, the remaining 45 acres being upon the adjoining ¼ which Mr. Beaudry also owns, he remainder of this ¼ section is situated upon a big hill and is very rough land, only suitable for grazing, owing to the nature of this land it is extremely difficult to tell just where the lines run there being no fences in the vicinity to line up with, & in a good many cases the mounds being tramped out of recognition. I am firmly convinced that Mr. Beaudry acted in perfect good faith & I therefore took a fresh application for patent from him giving the correct area of his breaking and I would recommend that Mr. Beaudry be allowed to obtain his patent with stock."

Question 14 is answered in the negative.

The applicant formerly held the N.F.¼ of 24-13-4-West of the 3rd Meridian.

Will proof

[redacted] proof of ownership of the purchased land [redacted] required?

Please say what action should be taken in this case.

Mr. Davidson.

Mr. Beaudry might be allowed the privilege of substituting stock for cultivation in lieu of the Inspector's report, but before accepting the application it will be necessary for a fresh report to be obtained, stating definitely the number of stock owned in each year and the accommodation for same on the homestead itself.

The homesteader will require to fence the whole quarter section before he is in a position to obtain patent and proof of ownership of the purchased land upon which the residence has been performed, will also be necessary.

However, before writing the letter, the file should be sent to the Timber and Grazing Branch to enquire in whether Timber Permit number 197030 has yet been returned.

Sir;

I beg to acknowledge receipt of your communication of the 28th of October last, reference 78886, and to return herewith the application for patent of Mr. O. Beaudry for his homestead the North East quarter of Section 24, Township 17, Range 4, West of the 5th Meridian, and to inform you that the homesteader may be allowed the privilege of substituting stock in lieu of cultivation required, but before accepting his application it will be necessary for a fresh report to be obtained stating definitely the number of stock owned in each year and the accomodation for same on the homestead itself.

The homesteader will be required to fence the whole quarter-section before he will be in a position to obtain patent and proof of ownership of the purchased land upon which his residence has been performed will also be necessary. You will also note that the applicant answered question fourteen in the negative. According to the records here he formerly held the North East quarter of Section 24, Township 13, Range 4, West of the 3rd Meridian. You should call upon the homesteader to execute a statutory declaration stating that he has never received patent for ano other homestead. It will also be necessary for the homesteader to return timber permit 127030 issued to him in connection with his homestead.

Land:— S½ of Sec. 24 Tp. 17 Rg. 4 W5 M.

General Remarks Continued:—

Sir

With reference to your letter dated Jany 5th requesting a report with regard to the number of stock owned by the entrant & residing upon the above land

I beg to inform you that at the present time O. Braudry has pawned the contingent but I am informed that he has had about 100 head of horses & 125 head of cattle running over the land since the date of obtained entry to the present time both for summer & winter grazing; this land is all fenced in connection with his other lands which comprise the ranch & he has also a good wintering shed valued at $200?

I am of the opinion that O. Braudry has complied up to the amendments to the act with regard to the substitution of stock

I beg to acknowledge the receipt of your letter of the 3rd instant, reference 78886, enclosing a letter received from Mr. Alec. A. Ballachey, in connection with the application for patent of Mr. Oscar Beaudry, for the North East ¼ of Section 24, Township 17, Range 4, West of the 5th Meridian, in which it is stated that the residence was performed on the South West ¼ of Section 17, Township 17, Range 4, West of the 5th Meridian, which land Mr. Beaudry has been owner of prior to obtaining entry for his homestead.

I am to point out that the application for patent shows residence on the North East ¼ of Section 14, Township 17, Range 4, West of the 5th Meridian, and it will be necessary for a correct description of the land where the applicant resided to be inserted in the application for patent and the evidence re-sworn.

Re: Oscar Beaudry -

Your file 7...

I acknowledge receipt of your letter of the 12th inst. and note what you say. It will of course be impossible to have the Declaration re-signed but it seems too bad to hold up Mr. Beaudry's application for patent until his return merely because of an error of this kind. It must be quite evident to the officials of the Department that it was purely a mistake on Mr. Beaudry's part and now that the evidence has been produced showing that he does own the other quarter section on which the buildings are located and on which he performed his residence it seems to me that the Department might well refrain from being over-technical under the present circumstances. Surely some consideration might be shown to Mr. Beaudry in view of the fact that he is at present serving his country at the front.

Please urge upon the Department prompt disposition of the matter as I propose to take the matter up with the Minister personally if it cannot be put through as a matter of course.

Mr. Home.

Re N.E.¼ 24-17-4-W.5th M.
Homestead of Oscar Beaudry.
Date of Entry, 4th March, 1911.
Application for Patent made, Not recommended.

On the 10th of September, 1914 Mr. Beaudry made Application claiming residence and improvements as set out on Form 58 marked.

Inspector Tempany, however, in September, 1914 reported that after a careful inspection, and [illegible] over the surveyed lines very closely he finds that Mr. Beaudry has five acres of breaking only upon the homestead, the remainder being on the adjoining quarter section which he owns, and that the remainder of the homestead is on a big hill, is very rough and only suitable for grazing, and he recommends that [illegible] allowed to [illegible] stock.

On the strength of the Inspector's Report Mr. Beaudry was given the privilege of counting stock but was told that it would be necessary to comply with all the other regulations, and a further report was obtained as to whether the full conditions regarding stock had been complied with, and also that proof of ownership of the purchased land where residence was performed would be required..

In April, 1915 Inspector Tempany reported that the homesteader had 300 head of horses and 125 head of cattle on the land since the date of entry with summer and winter grazing, and the land was all fenced in, in connection with other lands which comprise his ranch, and he also had a good wintering shed valued at $200.00.

When this report was received it was stated that the stock conditions had been complied with but that proof of ownership of the purchased land would be necessary.

According to the Inspector's Report, Beaudry has enlisted for active service.

A communication

A communication was afterwards received from a lawyer at High River on behalf of Mr. Beaudry claiming that he performed residence duties on the South West ¼ of Section 17, Township 17, Range 4, West of the 5th Meridian, which he owns and has owned since before he made application, and he presumes an error has been made in stating residence on the North East ¼ of Section 14.

As to this, see H.O. letter 25.8.15.

The lawyer also states that he furnished an Abstract of Title of the South West ¼ of Section 17.

This party was also informed that if residence had been on the South West ¼ of Section 17 it would be necessary to have correction made in the application and the evidence re-sworn.

He now states that it is impossible to have this done but it seems too bad to hold up Mr. Beaudry's application until his return merely because of an error of this kind, as it was purely a mistake on his, Mr. Beaudry's part, and now that evidence has been produced showing he owned the South West ¼ of Section 17, it seems that the Department might refrain from being over technical under the present circumstances, and that some consideration is surely owing to Mr. Beaudry in view of the fact that he is serving his country at the front.

The question regarding Mr. Beaudry's enlistment was taken up with the Militia Department and a reply has been received to the effect that there is a Private Oscar Beaudry serving in the 1st Reinforcement Draft, 13th Canadian Mounted Rifles who enlisted at Calgary on January 11th, 1915. It seems quite clear that this is the man as there is a letter on file from the Agent dated the 14th of May, 1915 addressed to Mr. Oscar Beaudry, B. Squadron, Canadian Mounte Rifles, Calgary.

In view of the fact that Mr. Beaudry has enlisted and is at the present time on active service, kindly say what action should be taken in connection with his Application for Patent.

Agency File #78886.

With reference to the Application for Patent of Mr. Oscar Beaudry for the above land which is now in your possession, I beg to point out that the party acting for the homesteader (who it appears is now on active service) has advised this office that the residence has been performed on the South West ¼ of Section 17, Township 17, Range 4, West of the 5th Meridian and not on the North East ¼ of Section 14, Township 17 Range 4, West of the 5th Meridian as set forth in the Application for Patent.

In view of the above it is considered advisable to have a Homestead Inspector visit this land at once and go carefully into the case and endeavour to ascertain exactly on what land Mr. Beaudry performed his residence duties, and the Inspector should also state the exact amount of residence performed.

You should also place this Application in the hands of the Inspector and request him if he finds

The Agent of Dominion Lands,

he finds that residence was performed on the South West ¼ of Section 17 as claimed, he should have the evidence of the witnesses re-sworn as to the residence and the correct land.

I note that Mr. Ballachey, the party acting for Mr. Beaudry, states that you have been furnished with proof of ownership of the above land, you should endorse on the Application for Patent the necessary proof of ownership on this land providing you receive the necessary corroborated evidence of the witnesses.

Dear Sir:- RE: Timber Permit No. 127 C30.

Replying to your letter of recent date I beg to say that I have to-day seen Mr. Kuok for the first time since the receipt of your former letter of February 9th. I have discussed the matter with him and find that he is not in a position to complete form 99. He states that he is under the impression that nothing was done under this permit but he cannot be sure of it and therefore cannot make the declaration. I presume therefore that nothing can be done until after Mr. ~~Cochrane~~ Rawson returns.

Yours truly.

Memorandum

Mr. Rine.

Re NC 1 11-17-1-45 H.
H'. Oscar Beaudry.
Date of entry 4th March, 1911. Patent applied for. Not recommended.

This case was submitted on various occasions.

Your memorandum of the 7th November, 1911 stated that before the application for patent can be accepted, the following is required:-

(a) Homestead Inspector's report.
(b) The dual quarter-section must be fenced.
(c) Application for patent should be signed on the document itself.
(d) Proof of ownership of the improvements by affidavit evidence should have been furnished prior to proceedings.
(e) [illegible]

The following developments have since then taken place:-

(A) Homestead Inspector [illegible], in April, 1915, reports that the [illegible] of stock in the land up to that date.

(B) [illegible] that the land and all fences in connection with other lands [illegible] comprise the quarter-section.

(C) The Inspector also states that the entrant has [illegible] that [illegible] .30, and that in this opinion he has complied with the requirements of the Act with respect to stock.

(D) In the application for patent, the entrant claimed that he performed the conditions of the homestead [illegible] the NE 11-17-1-45 H.; and this information was [illegible] by his witnesses, Messrs. Bourbonnais & Shirley. Proof of residence was [illegible] for.

N.B. Entrant has taken on S.E. ¼ 14.

...ulle[illegible] for. On the 13th August, 1915, Mr. Bellamy, Barrister, wrote to the Department stating that the extrant had performed his residence duties not on the NW¼ of section 14 as claimed in the application for patent, but in the SW¼ of section 17 in the same township and range. In view of the representations, instructions were issued to have the evidence of the applicant and witnesses re-sworn with a view to obtaining a correction of the land on which the residence duties had been performed.

The application for patent has been returned here duly executed in its original form as the affidavits of the witnesses are at the front, and therefore will not have to be returned.

It seems to me that Mr. Bellamy was mistaken to say that the entrant resided on the SW¼ 17-17-4-W 4. He submitted a form of which a certificate of title has issued for this land. I think he was informed by the entrant that the residence duties had been performed on the SW¼ of section 14 in the said township and range. According to this sketch in the Land Branch, the SW¼ of section 14 stands as sale in the name of the entrant.

The homestead inspector's report called for in accordance with the Commissioner's instructions in Mr. Lyons's memorandum of the 20th December, 1915 (marked) is now to hand, and is as follows: marked (May, 1916)

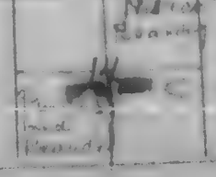

entrant owned on W½ 14

"With reference to your letter dated January 11th [illegible] stating a report with regard to the number of stock owned by the extrant and running upon the above land.

I beg to inform you that at the present time Mr. Beaudry has [illegible] the homestead, but I am informed that he has had about 300 head of horses and 125 head of cattle running over the land since the date he obtained entry to the property, both for summer and winter grazing; this land is all fenced in in connection with the other lands which comprise the ranch, and he has also a good stopping place valued at $1,500.00.

I am of the opinion that Mr. Beaudry has complied with the conditions of the Act with regard to the cultivation of stock."

Enclosed is a sketch showing the probable location of Mr. Beaudry's buildings. According to the records of the patent branch, South of the River was granted to Mr. J.J. Fisher, and the balance is vacant.

It is

it is not known whether Mr. Bewley's plans in the contested or unpatented portion of this quarter-section.

In the Avert, inter the June, 1910, the necessary papers in connection with the June, 1910, letter filled in until the entrant's return from the front.

matter for patent in its present form can be done until the applicant's return from the front.

Sir,

With further reference to your letter dated the 2nd June last in regard to Mr. Oscar Beaudry's application for patent for the N.E.¼ of 24--17--4, W.5th M., I may inform you that in a report received from a Homestead Inspector it is set out that Mr. Beaudry performed the requisite residence duties in connection with his homestead by living upon the S.E.¼ of 14--17--4, W.5th M.

You are no doubt aware that in his application for patent Mr. Beaudry claimed that he had resided upon the N.E.¼ of 14--17--4, W.5th M. while you subsequently informed the Department that this was an error and that Mr. Beaudry had as a matter of fact he had lived on the S.W.¼ of 17 in the township mentioned.

Under these circumstances, before the Department could deal with Mr. Beaudry's application for patent, it will be necessary to obtain definite information as to where the entrant lived and you may, therefore, consider it advisable to ascertain whether Mr. Beaudry is the owner of the S.E.¼ of 14.

If you will furnish the Department with

an Abstract of Title showing that the entrant is the sole owner of the parcel of land last referred to, further consideration will be given the question of issuing patent for the homestead in Mr. Beaudry's favour.

Homestead of Oscar Beaudry.

According to the evidence now furnished, Mr. Beaudry has been on active service for over two years, so, the question as to on what land residence has been performed, which has been delaying this application for patent, may not now be taken into consideration, as Mr. Beaudry has been on active service sufficient time to complete his residence duties.

In view of an Inspector's report, it was decided that Mr. Beaudry had complied with the regulations with respect to stock, and in view of this fact, kindly say if this application can now be dealt with, providing the Agent is satisfied to recommend.

NE 24-17-4-W ...th ...
Mr. of Oscar ...udry.
Date of entry ...
Application ... March, 1917.
Recommended for patent made.

The matter having been submitted by Mr. Tupper on the 20th March, Mr. Perrin instructed that as the requisite settlement duties have been performed the application for patent may be dealt with provided the Agent is satisfied to recommend same.

The application was returned to the Agent and he now forwards the same to the Department duly recommended.

It is observed, however, that Timber Permit # 127030 issued to the entrant in connection with this land is still outstanding.

There has been a great deal of correspondence with the solicitors representing the entrant, and the various details pertaining to the application for patent have now been straightened out except the outstanding Timber Permit.

As the entrant appears to be in France on active service he may not be able to return the Timber Permit or to execute the necessary affidavit in connection therewith until his return. On the other hand he may be able to execute a Declaration before his Offical Commanding

Under the circumstances kindly state whether or not the application for patent should be held up merely on account of ... Timber Permit.

Memorandum:

Application of R. Kuck to purchase the fracl. N.E.¼ and fracl. S.W.¼ of 24--17--4, W. 5th M., lying west of the river.
Containing together 70.5 acres.
Shown on the sketch attached coloured yellow.
Not within 15 miles of a railway.

I beg to submit for your consideration the application above referred to. The land is available according to the departmental records, and the applicant, in November, 1916, was granted homestead patent for the adjoining fractional N.W.¼ of the same section, west of the river, shown on the sketch coloured green and containing 128.5 acres.

The Homestead Inspector states that the parcels in question are very rough rolling land, suitable only for stock grazing and their disposal to Mr. Kuck, which he recommends at the rate of $5.00 an acre, will not interfere with any residents in the vicinity.

If a sale is authorized, the applicant will require to file evidence of ownership of his patented homestead.

I, Adelard Belanger

solemnly declare:

That I made entry for the above mentioned lands at the Dominion Lands Office at Edmonton Alta. on the 23rd day of May 1902, and I now ask to have said entry cancelled, and to be permitted to take up another homestead for the following reasons, viz:

The land is mostly hard clay and not a good section — I have been obliged to work for wages as cash in a store and am therefore unable to make the necessary improvements — nor reside upon it.

There are no improvements on the above land, except the following: nil

That I have not sold, alienated or otherwise disposed of my interest in said land, nor do I expect to receive any consideration of any kind for the above grant or to be entitled.

And I make this solemn declaration conscientiously believing the same to be true, and by virtue of the Act respecting extra judicial oaths.

Sir,

I beg to acknowledge the receipt of your letter of the 15th ultimo, and in reply to say that the privilege of a second homestead entry is restricted by Act of Parliament to those settlers only who completed the duties to entitle them to patent for their homesteads, on or before the 2nd June, 1889. According to the declaration filed in support of your application for patent for the W.½, Section 14, Township 55, Range 26, West of the fourth meridian, you made entry on the 3rd March, 1894, and as the duties were performed subsequent to this date, it is evident the foregoing provisions do not apply to you. Under the circumstances there is no way by which your request to be allowed a second entry can be granted.

To the Honorable the Minister of the Interior.

Ottawa.

Sir — Some years ago last November I entered for the west half of S.E. ¼ 36. T. 28. R. 4th by applying at Edmonton a warrant and this of course meant that I required to fulfill the duties of a Homesteader. I have the Quarter South of the one fenced with posts and 3 wires for pasture also a House and Stables on the place. but whether I am entitled to a Patent is the Question. not having lived on it myself. I made inquiry at the Dominion Lands office at Red Deer and Innisfail. and was told that I should write direct to Ottawa as my case was a peculiar one. I am a Timber Merchant in the village of Innisfail. and might not on account of nonresidence under one of the Sections of the Homestead act be entitled to the Patent. I wish to give you full information

not being entitled to the patent. I can
purchase the land at one dollar

Hon. Sir:

I have the honor to acknowledge the receipt of a letter from your office dated Jan 12th with instructions for me to fill out. which I have done.

But I will be glad to explain matters a little better.

I came here early in the spring 1893 because my health was entirely broken down but I am glad to be able to say that my health was soon restored etc, I came this year with a little or no capital to start with and I squatted on the quarter section described in the statement I made I built a little shack just large enough for me and then I helped my neighbor Mr [illegible] with family, to put up his log hut when that was done Mr [illegible] began to build a dwelling for himself for to build a decent log house on my quarter but then came a raging prairie fire in the spring of 1895

and destroyed all my building materia is fences and fencerails. on the 14th of july 1895 was my crop about 10 or 11 acres entirely destroyed by a hail storm and that put me back considerably. The first two years did I also live partially in my little shack and partially with the said old man whose house is near to mine and this summer have I been about permanent and quite some on account of well boring business and last fall did I follow the treshing machine, in which I have a share, for about 5 months but I have always been here in the naighbourhood and have no permanent home except on my homestead. - That is to say I have been living on my land or homestead since may 1895 having my permanent home there, but at the same time have I occationally been absent i.e. home breaking my naighbours who also has been helping me.

Since I first came here have I been working earnestly to the

ber of new ideas for the development of this country and therefore saw I also went in to sell boring business because I don't know of anything by wich I can do any more good to this country.

I wish you would interview my estimated friend Mr. C.O. Swanson Lone Immigration Agent, in regard to this matter so he know just how it is in every particular.

Very Sincerely and respectfully Yours

Anton Andreason.

Gentlemen,

With reference to your letter of the 2nd November last, in the matter of the application for patent for the S.E.¼ 32-46-21 W.4th M., for the legal representative of the late Mr. Arvid Arvidson now deceased, who in his lifetime entered for the said as a homestead, I beg to say that as Mr. Arvidson's death took place subsequently to the coming into force of the Land Titles Act of 1894, patent must be, in accordance with the provisions of that Act, issued in the name of the personal representative or representatives.

As you appear to be dealing with this man's estate will you be good enough to file here Letters Probate of the last Will and Testament or Letters of Administration, either of which will be correct, in order that the patent may accordingly issue.

Your obedient servant,

Secretary.

Dear Sir;- Re. . . .21 - 2 - 27 - 4th

We are in receipt of your letter of the 1st Oct.ref.9831. We have inquired into all the circumstances connected with S.F.Allens claim to homestead this ¼ section and we have decided in this particular case to withdraw our claim to the ¼ section in order that Allen may obtain his homestead entry.

With regard to your remark re practice followed by the C.P.R. in such cases. We would point out that it has already been arranged between the Government and ourselves that parties who were squatted on odd sections prior to July 1st 1883 are entitled to purchase land from us at a price not exceeding $7.50 per acre. We would prefer not making any rule changing this date.

Department of the Interior,

Ottawa, 31st August, 1908.

Sir,

I am directed to acknowledge the receipt of your letter of the 19th instant, enclosing one from Mr. Delmar Reed, Secretary Treasurer of the Benalins Public School District, N. W. T., applying for a grant of 5 acres of the South East ¼ of School Section 31, Township 31, Range 25 West of the 4th Meridian for the purposes of a school site. In reply I am to say that the quarter-section in question having been set apart as School Lands, the Department has no power to make a free grant of any portion of it, and the only way, therefore, in which the Trustees can acquire the 5 acres desired is by purchase at public auction, and for this purpose the Department would offer this area as a separate parcel at the next auction sale of School Lands held in that part of the Territories.

I am to add that if the Trustees choose to take the risk of competition at public auction [illegible] offered for sale you

Department

Frank Oliver, Esq., M.P.,

Edmonton,

Alberta, N. W. T.

Department would make no objection to their erecting a school-house on the 5 acres in question in the meantime.

It is understood from Mr. Ward's letter that the 5 acres are situated immediately adjoining the South East corner of the South West ¼ of Section 31 in question. If this is the case it will be sufficient for the purpose of description if he will state in what form it is desired that the parcel of ground be offered, that is to say will give the dimensions of its sides.

I have the honour to be,

Sir,

Your obedient servant,

Assistant Secretary.

LETTER.

Department of the Interior,

Ottawa, 4th October, 1886.

Sir,

I am directed to acknowledge the receipt of your letter, not dated, giving a description of the 5 acres which the Trustees of the Boulias Public School District wish to acquire for a School-site, that is to say, 5 square acres immediately adjoining the South East corner of the South West ¼ of School Section 31, Township 54, Range 25 West of the 4th Meridian.

In regard to the position mentioned in the last paragraph of your letter, I am to say that it is not the intention of the Department to hold any auction sales of School Lands in Alberta at present, there not being a sufficient demand for such lands to warrant the same, but as you were informed by letter of the 31st August last, if the Trustees choose to take the risk of competition by Auction, when the land is offered for sale, the Department will make no objection to their erecting a School-house on the lands in question at the present time.

I am, Sir,

Your obedient servant,

Assistant Secretary.

Sir,

I beg to acknowledge the receipt of your letter of the 1st instant relative to your enquiry as to the disposal of five acres or more, more or less, comprised in the [illegible] Section 23, Township 54, Range 22, West of the Fourth Meridian, which have been excluded from the patent granted to the Canadian Pacific Railway Company for the balance of the said quarter section.

I beg to say that the said five acres have been held under reservation in connection with an application for a [illegible] Sturgeon School District No. 47 in the Province of Alberta.

I may add that the necessary action is now being taken to ascertain if the area in question is still desired on behalf of the School District and you will be further advised in the matter in due course.

MEMORANDUM.

John Harvie, Esq.,
Acting Director,
Irrigation, Arbitration & Public Lands Division.

Part S.W.¼ 1-24-3-W.4th M.

With reference to your communication of the 31st instant I would state that the plan registered in the Dept. Alberta Land Registration District number No. [illegible] is apparently a duplicate plan of the [illegible] Lake Indian Reserve, now a part of the [illegible] Reserve.

This is an example of the many plans [illegible] from the Department of Indian Affairs, with the same area in the NE quarter, [illegible] Dominion plan. The Land of William Bear's [illegible] not apparently require action [illegible] have been registered in the Land Titles Office.

According to this [illegible] does not appear that the [illegible] be objected. I would, however, call attention to the fact that [illegible] the Department gives rise to the "apparent" plan referred to, and if right of way, which [illegible] has been filed in the Department, it would appear that the railway [illegible] to be entitled to the right of way as plotted.

In general cases, [illegible] where later plans have been issued to patentees of [illegible] have been [illegible] in the Land Titles Office [illegible] to the title issued. I do not know whether the Railway Company will [illegible] in this case.

If you consider [illegible] to the Company for the small parcel of land in the NE quarter, I would suggest that the Railway Company be communicated with in order that [illegible] may be "in [illegible]" [illegible] and the patent [illegible] Bear, in the last place, [illegible] the original [illegible] plan has been issued.

TOPOGRAPHICAL SURVEY NOV 30 1928 DEPT. OF INTERIOR

Ottawa, 29th November, 1928

MEMORANDUM.

P. H. Peters, Esq.,
Solve or General.

On the 16th February, 1903, the Department issued a patent to the Canadian Pacific Railway Company for certain lands in Section 31-64-24 as described in fiat number 93124. A copy of this fiat is on this file underneath my memorandum of the 14th instant. You will observe that the patent to the Canadian Pacific Railway Company contained an exception of a parcel in the South East corner of the Section containing five acres, more or less, as described in the said copy of the fiat.

The Department desires to issue a patent of this five-acre parcel to the registered owner of the adjoining portion of the Section, but it appears that a small portion of this land may fall within the limits of the right of way of the Edmonton and Slave Lake Railway, as shown on the construction plan thereof recorded in the Department under number 13219. Will you please let me know what area, if any, of the right of way as shown on this plan falls within the limits of the five-acre parcel, as described in the copy of the fiat referred to above.

Will you please have this matter expedited.

S. M. Genest,
Director, Technical Division.

OTTAWA

Sir ,

I beg to enclose herewith the application of Mr Joseph Kelly to purchase the unsurveyed portion of the North West ¼ section 23 53 25 W 4 M . I am unable to recommend the application as it appears to me undesirable - on general grounds to dispose of lands which were once under water and may be under water again . It is alsay difficult , in dealing with such cases , to know in how far others than the applicant might be affected by such lands passing under individual control .As matters stand , the public might derive a considerable advantage from the ability to follow the water toward the centre of the lake in question , as the level falls , supposing it were merely a case of reduced volume of water and not its complete temporary disappearance . Butif he whole of the quatter section passes into individual control , the public could not then gain access to the water as it rrtreats toward the centre of the ¼m sec..

Under any circumstances the land in question could not be disposed of without a preliminary survey .

Sir,

Referring to your letter of the 17th instant, 487741, I presume that Mr Joseph Kelly will require to have a survey made of the part of the W ½ 21 53 W4 M which he wishes to purchase and that the survey will have to be approved in the usual manner before the land can be disposed of. There is no doubt that he is the owner of the surveyed part of the quarter section above mentioned and that this is capable of easy proof. Before however communicating to him the purport of your letter now acknowledged I would like to receive your instruction as to the survey which - whether necessary seems to be necesary. Sir,

Referring to your letter of the 7th instant 4[illegible]4I I fear that the explanation which I have endeavored to make in reference to the disposal of lands which were under water at the time of survey has not been sufficiently clear to bring out consideration which seem to be worthy of consideration.

In the case now in question reference to the township I will show you that at the time of the survey there were two small lakes in existence one of which [illegible] from four separate I/4 sections and the other from five separate I/4 section[illegible] the annexed diagram may perhaps assist my explanation. It will be seen that at the state of water which prevailed at the time the survey was made the water privilege was valuable in the case of the larger of the two lakes, to five I/4 sections. I am not aware wether the owners, respectively, of these five I/4 sections had the right to follow the water, as it receded over all the ground embraced within the limits of the lake as originally surveyed. If the land created by the recision of the water can by any possibility be regarded as common to the several owners each would have the valuable privilege of continuing to use the water for cattle purposes and as its volume diminished, and no one would have the right to erect fences upon his I/4 section boundaries to interfere with this water privilege.

The Secretary

Department of the Interior.

Ottawa, Ont.

If this is the true position of the case it would seem that exclusive rights granted today for the submerged area of the N W ¼ 23 53 25 W 4 M (formerly used in common and almost certain to be so used again) might bring about a serious conflict of interests .

I have no desire to protract unnecessarily the discussion of this question , but am merely anxious that the important matters shall not escape attention owing to misapprehension on my part .

The Secretary, Department of the Interior,

Dear Sir/

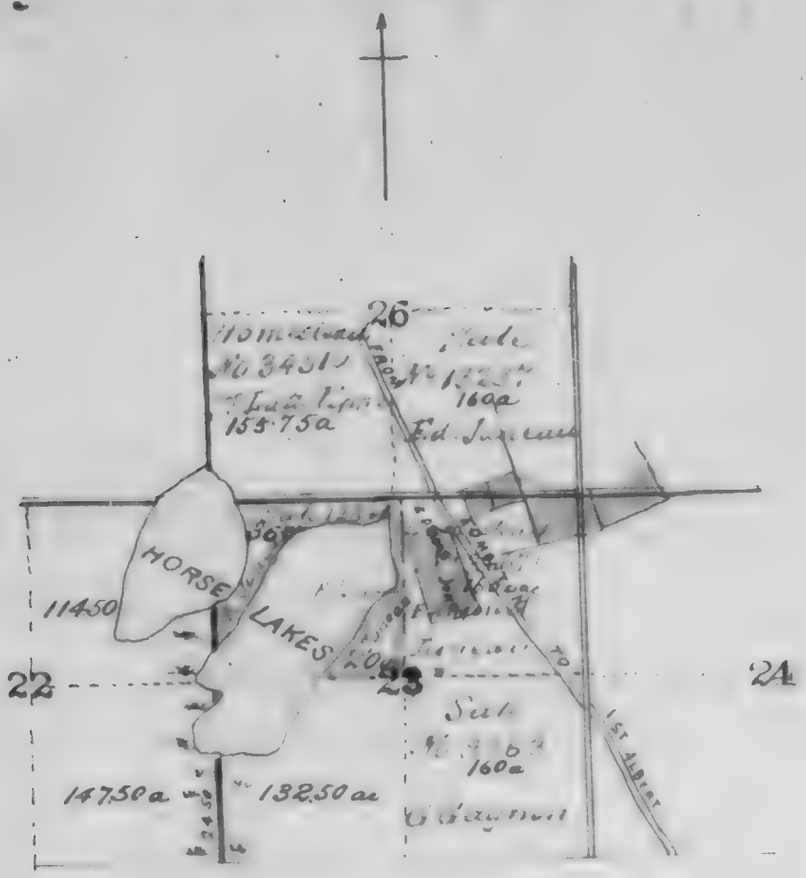

In July or August 1898 Mr Joseph Kelly of Edmonton made application for the purchase of the unsurveyed portion of the N.W.1/4, 23, 53, 25, W.4th. M. to the Dominion Land Agent here, and asking upon what terms &c. he could do so. Under date of 7th. March last, Ref. No.487741, your Department wrote the Dominion Lands Agent here saying that Mr Kelly might purchase the lands upon furnishing proof of his ownership of the adjoining land, and further stating the terms &c. On behalf of Mr Kelly I enclose a statutory declaration made by him as to his ownership of the adjoining lands, to which is attached an abstract of title of the adjoining lands dated to-day, and marked as exhibit to the declaration. I trust you will find this sufficient proof of Mr Kelly's ownership of the N.E.1/4 of the same section, which abuts on and adjoins the land he wishes to buy. Will you kindly instruct the Dominion Lands Agent to sell the lands to Mr Kelly upon the terms of your letter of the 7th. March last. Mr Kelly also wishes to know if he can apply ordinary money scrip in payment, also if he can use land scrip (halfbreed) in the acquirement of the lands,

Yours truly,

P.S. I have mailed a copy of this letter to the Dominion Lands Agent here, or rather to Mr Royal, acting Agent.

Memorandum.

I am to refer you to my memorandum of the [illegible] July last to the Deputy Minister, submitting Mr. [illegible] Kelly's application to purchase that portion of the N. W. ¼ of 23--33--25, W. 4th, containing 104 acres, and [illegible] on the township plan as covered by water.

Mr. Kelly was permitted to purchase this area [illegible] 81 per acre provided he could show that he was the owner of the remainder of the quarter-section: but, although he has [illegible] here evidence that he is the owner of the N. W. ¼, he [illegible], so far, furnished proof that he was any part of the N. W. ¼.

The sketch attached to the said memorandum shows the position of the land covered by water in the section in question.

Mr. Frank Oliver, M. P., now submits a petition from Mr. E. Brosseau, [illegible], it is stated, is the [illegible] owner of that portion of the N. W. ¼ not covered by water, to purchase the same covered by water, which, it is represented, is [illegible] dry land. Mr. Brosseau desires to acquire the whole of this quarter-section in order that he may fence it in and make it a pasture. The said [illegible] N. W. ¼ of Section 23, containing 80 acres, was sold to Mr. Wm. [illegible] Juneau at $1 per acre, [illegible] it was patented on the 24th August, 1891. [illegible] was sold to Mr. Juneau at the

E. G. Turriff, Esq.,
Commissioner of Dominion Lands.

the same rate per acre as his pre-emption, as he had settled on his homestead in 1872; and, if Mr. Prosseau files here an abstract of title showing that he is the registered owner of the land patented as above stated to Mr. Juneau, I see no objection to the land shown as covered by water being sold to him at $1 per acre, it having been the practice in the past to sell these water areas at the same rate as the land bordering on them was originally sold. and this fact would appear to have been overlooked when dealing with Mr. Kelly's application.

I invite your perusal of Mr. Price's letter to M. Oliver of the 9th ultimo, hereunder.

Department of the Interior,

Ottawa, 7th September, 1898.

Memo. for Mr. Smart,

Mr. Frank Oliver, M.P. forwards here an application made by William Gardiner, Chairman of the McLeod Public School Board No. 47, asking that lots 22 and 23 on the North side of 19th street West of 5th Avenue in the Town of Macleod, be set aside as a playground for the school in question.

Under clause 31 of the Dominion Lands Act, a playground is not mentioned as one of the purposes for which the Governor in Council may set apart and appropriate Dominion Lands; but as no doubt the land is required for public purposes, I think that it can certainly come under this clause of the Act; and if the Minister deems it advisable to appropriate the lots for such a purpose, there will be no difficulty under this clause of the Act in question.

Ottawa, 16th June, 1902.

Memorandum to the Commissioner
of Dominion Lands.

Mr. Charles H. Baker, Secretary-Treasurer of the Macleod Public School, states that the School District intend to erect a $12,000 brick school, and they request to be granted Lots 1 to 9, inclusive, South of 20th Street; Lots 1 to 9, inclusive, North of 19th Street; Lots 1 to 9, inclusive, South of 19th Street; and Lots 1 to 9, inclusive, North of 18th Street, all West of 5th Avenue. Mr. Baker says that he wrote some "three weeks ago," but has not yet received a reply. This letter does not appear to be filed.

The lots are clear in the books here, and comprise thirty six in number, as you will see by the tracing hereunder. The price for Lots in Macleod would appear to be $30 for ordinary lots and $50 for corner lots.

On the 14th May, 1901, you instructed Mr. Burley to make a valuation of the Macleod lots; and on the 8th of June following he reported, and recommended that an increase of 20% on all unsold lots between First and Fifth Avenues, inclusive, and between 17th Street and Old Man River.

I should infer from the wording of Mr. Baker's letter that he expects to get a free grant of these 36 lots.

MACLEOD PUBLIC SCHOOL DISTRICT No. 47

MACLEOD, ALBERTA

13th February 1930

Commissioner of Dominion Lands
Ottawa

Sir;- Re Your file 43774?

Replying to your letter of 21st Jany, Lots 22 and 23 North side of 19th street West of 5th Avenue, were sold by the School Board in 1906 to a Mr T. Wilton.

The old School with lots 22 to 24 on the South side of 19 street West of 5th Avenue were sold to the Town of Macleod the same year.

The reason for selling these properties was, that a new and much larger school had been built, with larger play grounds each side of it.

It would appear that the Trustees of that year (1906) were not aware of any conditions attached to the granting of the lots to the school, and evidently the title they held was clear of conditions, or the transfer would not have passed the Lands Titles Office.

It is presumed that the money received from the sale of these properties was used in furnishing the new school.

I enclose part of a map of the town, showing position of the lots in question, the old school and the new school site.

Yours truly

Secretary-Treasurer

under this memorandum and seems to be a reasonable and acceptable explanation.

Under date 11th January, 1911, on file 400304, the Deputy Minister authorized the acceptance of $10.00 per acre for any site granted for school purposes where removal of the restriction is desired, on the condition that the grantees give assurance that in the event of a sale the proceeds will be devoted to school purposes.

In this case sale has actually been made and providing the explanation offered by the grantees is acceptable, it would seem to be in order to advise them that the Department is prepared to rescind the restriction imposed in the terms of the grant and will claim the interest of the Crown in this land, providing the grantees ~~[illegible]~~ pay for this site at Ten Dollars ($10.00) per acre.

dated 11th July, 1930.

Memo of 11th January, 1911, stipulates that any school site for which $10.00 per acre is accepted by the Department must not exceed four acres and must face on a road allowance.

Other files with similar memos to this were checked this date for areas and found to in no case exceed four acres.

In this case the area is below the minimum also.

Re Special Grant No. 1300.

By Letters Patent of date 10th February, 1927, certain lands were conveyed to Macleod School District No. 77,

who "HAVE AND TO HOLD the said lands hereby granted, conveyed and assured unto the said Corporation, its successors and assigns forever, for the purposes of a play-ground for the Macleod Protestant Public School, and for no other purpose or purposes whatsoever."

These lands are as follows:

Lots 22 and 23, North side 19th Street, West 5th Avenue, Town of Macleod.

As you are aware, at the request of the Department, inspections of all special grants for specific purposes are being made, with the result that in this case information has been submitted by Inspector Wilcox, under date 3rd October, 1929, to the effect that this land has been sold.

Information received from the Registrar of Land Titles at Calgary, Alberta, confirms the report. This site has been sold and transfer registered without any restrictions or provisions protecting the interest of the Crown.

The trustees were requested to explain the circumstances surrounding the disposal of this property and how the condition imposed in the grant were overlooked.

DOMINION LANDS ADMINISTRATION

OTTAWA, 24th August, 1926.

A. 35

Sir,-

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting to those settlers, who had obtained Patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homestead filing terms.

S.W. ¼ Sec. 10 Tp. 31 Rge. 2 West 5 Mer.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

Acting Commissioner
of Dominion Lands.

Ottawa, August 4, 1942.

Sir,

In reply to your letter of the 10th ultimo, concerning the application for pension of Mrs. Amenda Krempien, I have to state that after a careful examination of the files of this department, no record can be found of the naturalization in Canada of Frederick Krempien, or of his father, Charles Krempien.

In view of the fact that Mr. Krempien homesteaded in Alberta, I am communicating with the Registrar of Lands, Department of Mines & Resources, Ottawa, asking him to examine his files and advise me whether they contain evidence of the alleged naturalization. Upon receipt of a reply I shall communicate with you again.

Yours truly,

J. E. DUGGAN

DOMINION LANDS ADMINISTRATION

Copy to the A.D.L. Edmonton.
Reference - # 14196.

OTTAWA, 8th August, 1928.

Sir,-

S.E. ¼ Sec. 14 Tp. 53 Rge. 22 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

William John Corbe, Esq.,
Ardrossan,
Alberta.

Thomas Rowell Leavitt.
Your Reference-15730.

I have your letter of the 4th instant, and in reply I am to state that when making application for patent for his homestead, the land above described, on the 23rd August, 1898, Mr. Leavitt stated that he was 35 years of age.

In support of his application for patent he furnished a Certificate of Naturalization dated the 18th June, 1896. This document is no longer required here and I am to-day forwarding it to the Under-Secretary of State, Naturalization Branch in this City, for any action he may desire to take regarding the return of same.

Yours very truly,

Director.

MEMORANDUM:

N. O. Coté, Esq., I.S.O.,
Controller.

Application of Guy C. Walker to purchase the N. W. ¼ of Legal Subdivision 15 of Section [illegible], Township 31, Range 18, West of the 4th Meridian, containing 1[illegible] acres. Shown on the sketch attached colored red. Area C.

I beg to submit for your consideration the application above referred to. The land is available according to the departmental records, and the applicant claims ownership of the Fractional N. W. ¼ of the said section, shown on the said sketch outlined in Yellow.

The Surveyor General reports on the [illegible] which affects the area in question, stated that it was classified as [illegible] which bears subject to moderate restrictions [illegible] unless drained. It is not likely to become [illegible] so as to render the whole quarter section suitable for homesteading.

The homestead inspector in his report, [illegible], states:-

"The land was recently inspected by the [illegible] "original survey. I believe correctly. In my "opinion the applicant should be allowed to purchase "this [illegible] consideration rides on other "[illegible] and [illegible] of better quality than this. "Roads [illegible] and [illegible] of better quality than this. "I believe this land should be sold at twelve dollars "per acre (12.00)."

Incidentally I might say that the Town of Vegreville is believed to overlie [illegible] for the petroleum and natural gas rights [illegible] which are clear.

If sale is authorized it will [illegible] to be subject to the [illegible] at the said Fractional N. W. ¼ of [illegible].

9th August, 1906.

Sir,-

I have the honour to acknowledge the receipt of your letter of the 16th July, enclosing a sketch showing the shore of Big Lake opposite lot No. 1 in the settlement of Saint Albert, Alberta, and asking for instructions for the survey of the land required by the homesteaders who have taken up portions of that lot.

On the 14th March, 1901, the Rev. A. J. Cunningham, O.M.I. Saint Albert, was notified by the Department as follows:-

"Mrs. Cunningham, as a representative of John Cunningham, is "entitled to 160 acres of this land,(Lot. 1), free. This leaves "a balance of 325 acres. Mrs. Cunningham is not entitled to a "free homestead in her own right and there is not sufficient "area in the 325 acres to grant her two sons a homestead of 160 "acres each. I am, however, to say that if one of the sons wishes "to take a free homestead of 160 acres out of the 325 acres, and "the other son is willing to take the balance of 65 acres as a "homestead, the Department would be willing to allow the latter "mentioned son to have added to the 65 acres such additional area "as might later on accrue through the water of the lake drying up "to the extent of making up his homestead to 160 acres, if a "sufficient further area should become available.

The Agent of Dominion Lands at Edmonton reports, that he received the application of Mrs. Cunningham for patent for 160 acres of lot No. 1 and of Harry Cunningham for 65 acres of the lot and the balance when lake recedes, and that on the 9th March, 1901, he notified them that in the absence of any proper description of the land to which each claimed patent, it would be impossible for the latter to deal with the matter.

Memorandum:

Referring to your memo of June 12th, file 488401, instructions for the survey of river lot 1, St.Albert Settlement were issued to the late A. Michaud, D.L.S. in August 1906, but we have not received any returns.

The survey was a private one to be made at the expense of the interested parties and therefore we have taken no further action in the matter. Mr.Michaud had a survey contract in 1906 and he was probably unable to do the work for Messrs. Cunningham before his death in January 1907.

Sir,

Referring to your file 875, I am to say that in August, [illegible] instructions were issued by the Surveyor General to Mr. A. [illegible]ard, D.L.S. for a survey of river lot 1 St. Albert. This survey was authorized to be made at the expense of the interested parties and pursuant to the Surveyor General's further action in the matter. The Surveyor General instructed Mr. Richard [illegible] survey contract [illegible] and to the [illegible] made to survey the river lot in question before his [illegible], which [illegible] in due course.

[illegible] the present case, it would be [illegible] to the [illegible] and we [illegible] to [illegible] necessary survey [illegible] [illegible] [illegible] [illegible].

Your obedient servant,

Secretary.

The Asst. Commissioner,

Edmonton,

Alta.

In 1906 Surveyor Michaud was instructed to make the survey for the Cunningham family, but no returns were received from him and on the 29th ultimo the Surveyor General stated that Mr.G.J. Lonergan had been instructed to extend the boundaries of Lot No.1 so as to increase its area to approximately 480 acres and to subdivide it into three equal parts.

According to the instructions of the Minister, of the 17th ultimo, the Cunningham family are to be allowed to purchase the balance of the lot outside their homesteads. If the lot is extended to 480 acres only there will be nothing left to purchase.

Mr .Martin states that from information received, it would appear that the lake has receded a great distance; that there is practically only a stream running south of the Lot, and that the area of land which was formerly covered by water will be over 1000 acres and would appear to be a very valuable property..

If this be so, it is not likely that the Cunningham family will be satisfied with the survey making the lot only 480 acres.

Respectfully submitted,

Memorandum:-

In reply to your memorandum of the 23rd ultimo, enclosing a letter of the 17th ultimo from the Minister, together with a memorandum and sketch from Mr.Martin, respecting the claims of the Cunningham family - Mrs.Cunningham and two sons - to Lot No.1 St.Albert Settlement, and directing that the three claimants are to be allowed to purchase the remainder of the land, not included in their homesteads, at $1.00 an acre. I beg to report that according to the plan of Survey this Lot contains 360 acres.

Mrs.Cunningham representative of John Cunningham, deceased, was allowed a free grant of 160 acres out of the lot and her two sons, Henry and Alfred, were allowed to homestead the balance- one taking 160 acres and the other 65 acres on the condition that such additional area as may later on accrue through the lake drying up will be allied to bring his homestead up to 160 acres.

On the 17th January.1903, Alfred Cunningham entered for 160 acres and Henry for 65 acres and applied for patents. The applications for patents were received and the applicants notified that until survey was made and proper descriptions filed of the separate parcels patents could not be issued.

Sir;-

I beg to draw your attention to the fact that a very large number of hay permits in the neighborhood of 20 have issued on land South of River Lots / 1, and R. & C. between the River Lots and Big Lake, St. Albert Settlement, which land owing to the subsidence of the waters of the lake for years been a very valuable hay meadow. It has prevailed upon to sell the hay growing on this tothe settlers in the vicinity, but this spring requests for permits were made at this office, and after investigation permits were issued. The result was a large demand for permits on the part of settlers who were extremely glad to be able to put this hay under permit conditions, now being a great saving of cost to them, some little trouble arose in connection with the issue of permits, but Mr. Forest Ranger Mahell who was sent out from this office, and no difficulty in settling the matter of all the permittees. He was also asked to make a report whether in his opinion the land in question should be made a hay reserve. I am enclosing the report of the Forest Ranger, in which he suggests that the balance south of River Lot / 1

The Secretary,

With this suggestion of the Forest Ranger, I am not in agreement as this is such a valuable log we now have, would enjoy from the large number of persons there but to be of more benefit to the settlers in the vicinity, that I am informed to recommend that, application for the above area when to be allowed to the owner of Water Lot # 1, (New Lease file # 4m411) the balance of this land shall be created a log reserve for the purposes of the settlers in this district.

DOMINION LANDS ADMINISTRATION

OTTAWA, 4th December, 1928.

Sir,-

S.W. ¼ Sec. 24 Tp. 41 Rge. 27 West 4 Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1923, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

One John Phochner called on us to-day and stated that he lived on the South East Quarter of Section (18) Township (57) Range (19), West 4th., for a period of over five years and had obtained his patent for it. He has a son named Maryan, and both father and son are very anxious that the son be permitted to homestead the South East Quarter of Section (18) Township (57) Range (19), in order that he may be near his father. The son will be 16 years old in October next. We enclose statutory declaration as to these facts.

Kindly letus know if under these circumstances you can reserve this homestead for the son, and oblige.

Dear Sir – Mr. Thornton
I spoke to you before leaving Edmonton
in May regarding a homestead I had taken up
on the 7th February last. You told me that
you thought it would be safe to hold the quarter section
for me until the Spring as I was not sure
if the time now long I would remain
in the North. you said that I should know
how you would arrange the matter for me
But as I have heard with regret
that rest fell sick to cancel any entry
now written my brother who is with me here
at St Albert intends to file on it
I still wish to secure my homestead right
& entry & remain

Yours respectfully
A Thornton

Dear Sir/

I have yours of the 20th. file No. 489416, returning transfer from Cousineau to LaRue & Picard. The description contained in the transfer is correct, and, it is that portion of his Military homestead which Cousineau wishes to convey. I was not aware, however, that you could not divide the entry and issue a patent for the portion so conveyed to LaRue & Picard, and to Cousineau for the remainder.

Consequently you can return me the $2.00 and when the patent to Cousineau for the whole is sent home to the Registrar I can file the transfer to Messrs LaRue & Picard.

The Commissioner of Dominion Lands,
Ottaww, Canada.

Sir:-

I herewith apply for the right to enter for a second homestead. I received patent for my first homestead, the North East quarter of section 24-50-19-W4M. in the year 1907. I sold this place some time ago.

Yours respectfully,

Frank Gladu

Department of the Interior

Sir,-

N.E.¼ Sec.34, Tp. 50, Rge. 19, West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent Session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1921, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

Jerome Olaiue, Esq.,
Tofield,
Alberta.

Acting Commissioner
of Dominion Lands.

Tofield, Alberta, September 8, 1928.

The Deputy Minister,
Department of the Interior,
Ottawa.

Dear Sir:-

In July I wrote asking for the right to enter for a second homestead, but as yet I have not received any reply. My first homestead was the North East quarter of section 34-50-19-W4. I would be glad to receive this permission, so that I can file before the snow comes.

Sir:

M.L. 34-50-19-W. 4th Mer.

I beg to acknowledge receipt of your letter of the 2nd instant and in reply may say that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

In compliance with the request enclosed in your letter of the 31st July last, a Departmental letter giving you authority to take up a second homestead was sent you at Tofield, Alberta, and if you have not received such letter and you are the person who obtained patent for the quarter section above described and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion land on the usual terms, provided he is aware of no reason to the contrary.

Dear Sirs,- file No. 48928

re Estate late S. C. Butchart

Mr. Wm. M. Butchart, a brother of the deceased and also of the Executor of his estate has been in Edmonton and is now at the premises S. E. I/4 section 10 Tp. 48 Range 26 West of the 4th. Meridian. having the breakage of additional acreage performed. He is informed that 23 acres more should be broken and 20 acres prepared to crop. He finds the land badly covered with brush and that it will cost 3 to 4 times as much as if it were reasonably clear. Inspector McDermott has been over the place and thinks it should be passed for Patent when 10 acres are broken, and I understand the Homestead Inspector and Land Agent at Leduc both agree in this. Besides this the land was so badly covered with water during the first two years that the deceased had it under Homestead entry, that it was almost impossible to do any work what ever upon it. I will be glad if the Department would have this looked into and if possible have such arrangements made that the land can be passed for Patent upon performance of the breaking of the additional acreage to bring it up to 10 acres and if any formal application other than this letter is required to bring the matter up

Sir,

I am directed to acknowledge the receipt of a copy of your letter of the 11th instant to Mr. A.E. Cox, Sub-Agent of Dominion Lands at Pincher Creek, and the letter addressed to you by Mr. Cox on the 9th instant, in which he declined giving the information asked for in a Memorandum from this Department dated the 29th ultimo, until he was advised of the name of the Officer of the Department who had asked for the information, and his reason and purpose for so doing.

I am to inform you that your reply of the 11th instant to the Memorandum of the 27th ultimo, stating that you did not know whether Messrs. Cox and Card were empowered to take declarations under the "Canada Evidence Act of 1893", but that you would enquire and report later on, is satisfactory; but the tenor of the statement in the letter of the 9th instant, from Mr. Cox is not at all satisfactory. The Memorandum of the 29th ultimo, was written by one of the clerks of the Department having authority to write such Memorandums, and as he requested that the reply should be addressed to the Secretary it was the duty of Mr. Cox to give the information he was asked for or state that he did not know whether he was empowered to take the declaration in Question or not under the Canada Evidence Act. The fact is that Sub-Agents have power under the provisions of Section 95 of the Dominion Lands Act to

Sir,

Enclosed find copy of letter from Mr Douglas Alison to myself desiring to be protected in a quarter claim to certain lands at Wetaskiwin and other lands at Leduc are located about 1 mile east of the east end of Crow Nest Lake and connected by rail on the North Br. of the Crow Nest Pass Railway. The law as to pre-emptions cannot be realized by quarters or portions of sections and as the land I want I must know Mr Alison's request cannot be granted. Is the best interests of this district that I should grant the pre-emption entry for which he obtains patent for 1 portion of sec 7 or 8 township 1 range 29 W 4th and not patent for the remainder in this to entitle him to a second pre-emption and by continuing the improvements, the claim would be sufficient to protect an area of about one hundred and sixty acres.

He also, in an interview I had with him, stated that he had made a sale of his claim to a party who recently arrived from Ontario and by the spring or at least it would be convenient for the purchaser to have the patent in his hands. Under these circumstances I would be much obliged if you would inform me whether I should grant the pre-emption, or patent the whole section as the land is timbered and better with the Department of the Interior at Ottawa if I

who he states advised him that Mr Ali on had nothing that he could dispose of and therefore would not recognise the purchaser as having any claim to the land, hence the sale fell to the ground.

Assuming that that opinion was given by Mr Cox I refer to it for two reasons, 1st:- If it was not a correct opinion to give Mr Alison would claim that he has suffered injury by [illegible] vice and 2nd:- if the opinion is correct then I have been heretofore wholly wrong in my views in such matters. The question has been repeatedly asked me and my reply has been on the following lines:- When land is surveyed and open for entry the first claimant to same can come forward and make his entry providing he complies with the necessary affidavit required by the Act namely that he is not one in residence or has ~~one~~ one the only other than himself. I do not consider that the law meant and ordered to enquire how he obtained those improvements either by his own exertions or by purchasing the claim of another or hired men to make them, what the Department desired to ascertain was that there was no counterclaim on them and that as was required by the Act at least 6 months in each year or 3 years before patent would issue to himself that there was in addition to such residence sufficient improvement to warrant the issue of such patent. That was been as I understood the policy of the Department since I had connection with it and was the line adopted in the settlement of all the squatters claims which passed through my hands of which there

were as you know many reasons but it many cases even reference to the light provided in this was felt might work a considerable hardship, for instance the person ... permanent so that in some cases the residence of A person ... and rent allowed where the improvements were sufficient to warrant the department, the land should later become liable to fulfil the homestead conditions as far as personal residence was concerned.

I have therefore embraced the opportunity presented by the case of ringing up the subject so as to ascertain whether the practice followed by me is still the practice of the department, if not what is the present practice.

At the same time as I would desire to put in force in my district the regulations for protection of timber I cannot see how this can be done. Assuming the property was surveyed ... and another party went in to prospect it under any pretence, ... action to eject him. There are, O many ... land was surveyed and entry made therefor, the property would be really different.

I have brought it well to the front at this time ... Cox so that if it is desired to amend the Act in the ... it can be done readily now. Sir,

In further reference to mine of the 13th inst regarding protection desired by Mr Douglas Alison in his squatters claim near the east end of Crowsnest Lake, I am in receipt of a letter from the Assistant of Dominion Lands at Pincher Creek Mr Cox dated 17th inst copy of which he enclosed me herewith.

SEP 26 1898

There is only one point in it on which I would comment at present that is the paragraph in which I notice that he considers that the action taken by me was not what he considered should have been, I should have first referred Mr Alisons statement to him and received his reply before I reached the point which I did in my communication.

There was no hardship in any part of my transactions to Mr Ali son as I think it will appear the matter took its ordinary course but no discourtesy was shown by the mode of procedure adopted by me.

When Mr Alison came to me in June last about it I did not encourage it as no intimation had been given to me into the matter to any extent and it was only when he applied for leave of absence and to the Secretary of

Copy for Secretary Dept of Int.

Sir,

I have the honor to acknowledge the receipt of your letter dated the 12th inst D.L. 1412 - enclosing a copy of letter from you to the Dept relating to advice said to be given by one to an intending purchaser of S½ Douglas Allison's ranche in the North West Pass

As requested the facts are herein given:

Early in this year Mr Allison accompanied by this purchaser called upon me, He produced a plan of survey [illegible] of his ranche and the land in question and stated that his companion the purchaser, wished to obtain some information from me concerning it, At that time I was not supplied with the [illegible] plans of the neighborhood and therefore Mr Allison's [illegible] was accepted by the [illegible] and sent to the Dept and [illegible] to the fact that it was surveyed, and on the ground were and he stated this was and pointed to one corner where he said [illegible] purchaser, [illegible] and then asked him if he had obtained an homestead entry or not and the answer was not and a statement as to [illegible] he had [illegible] and [illegible] the question as to whether he had [illegible] with the regulations I replied that I could not advise him to do so, but if he asked my advice upon the matter I would advise him to abide by the regulations and not to enter, I gave him no advice whatever, I simply gave him information based and drawn from undoubted authority and left him to draw his own deductions, I doubted that the land was surveyed on the ground of 1st that it was surveyed and 2nd that it was [illegible] As to the [illegible] and

undoubted intention of Mr Allison to bid no bott to enter that was surveyed & produced and read a ltr received from the Govt in answer to an enquiry made by the United States —

" When homestead entry is granted for any "quarter section with the cancelled land or otherwise, "the value of any improvements already made thereon, "so required by said in addition to the entry fee"
N.W. am 21-1-95 1-45-75 H.

Also instructions from A.G.L. to the Contdr not to sign the application to dispose of improvements made on unsurveyed Govt land, dated 4th May 1899
13.374
13.446.

And Mr Allison stated that as a matter of courtesy he would inform the applicant upon receipt and withdrawal of the application that action in the matter of Mr Allison had been suspended.

Secondly as to the land which was improved by the Crown which could be entered for pre-emption by the applicant Mr Allison said as the land was not to become absolute or more than a reserve and no satisfaction in him to substantiate and complete that claim and thus obtain a title thereto under the Land Act 1894 a title adverse, his statement was made in the letter of instruction received from A.G.L. in answer to an enquiry as to which,— "The position to secure "squatters improvements lands but the squatter does "not acquire any vested right and the survey made"

"should be issued to the school, the Board
and required by the Govt. Inspectors to
"the Surveyor, he examination as to the boundaries
Civil 6th 1898 Book 1907.
I therefore directed that the possession & improvements
on unsurveyed and unfenced land be left undisturbed
the Land Law provides and that in that case Mr
Allison could not, by mere assertion, claim
he did not possess. None valuable timber on the land
the purchase application money after I had examined
he could have both and I thought the maximum
on it, I am satisfied from the information the
Webb Melville & his decision acted on correct as did not
mine

I am therefore asked to decide with application
which are complicated by unusual statements not provided for
by the Land Act or instructions, not to the effect

performed that and these statements are to be made
pursuant to the provisions of the Land Act. The process

I gave him no advice whatever , I simply gave him information based and drawn from authentic authority and left him to draw his own conclusion. I consider that the land was surrendered in the meaning of the Dominion Lands Act as covered the whole case by reporting that it was surveyed land and that it was unsurveyed.

As it was the evident intention of Mr Allison to [illegible] to later work it and survey, I received a letter received from the Department in answer to an enquiry made by me, which reads- [illegible]

Memorandum.

I would refer you to your communication re letter, dated 9th March last, No. 401468, underneath.

Mr. Woods, who has been surveying in the Crow's Nest Pass, shewed me an affidavit made by one W. S. Paris before him a short time since. From the said affidavit Mr. Paris, whether designedly or otherwise, would leave the Department to infer that no one but himself had any right on the claim formerly held by Alison. It is just possible that he may have taught it out, but at the same time it would be well to be certain of it before treating with him regarding his claim to the portions of sections 10 and 11 in Township 6, Range 3, West 5th M. Outside of some six acres of breaking performed by Mr. Paris, I think it will be found that all the improvements were made by Alison. I enclose with this a sketch shewing the position of the improvements as shewn by Mr. Woods in his completed his returns, shewing as exactly the location of the improvements, I think there will be no difficulty in locating out 160 acres, covering all or nearly all of Alison's improvements.

Sir,

Replying to your letter of the 15th. December last, File 489618, I beg to state that Mr. Douglas Alison has made application to homestead the N.E.¼-10-8-5-W.5 M.

Mr. Alison squatted upon this land some years ago, and as he has just returned from South Africa, he is anxious to secure entry.

The information that I have shews that part of this section has been surveyed, but I have not received the plan. Mr. Alison has informed me that before he left for South Africa, he saw the Commissioner and the Superintendent of Mines with reference to homesteading the above quarter section.

Department of the Interior,

Ottawa. 30th September, 1[illegible].

Sir,

Replying to your letter of the 12th instant, I am directed to say that a homesteader can obtain a grazing lease upon Canadian Pacific Railway lands at the rate of 2 cents an acre per annum. No lease has yet been issued upon the W.½ of 17. 3[illegible]. 2[illegible], W.4th M. but the E. ½ of the Section is under lease. The N. W. ¼ of 12. 3[illegible]. 1, W.4th M., contains 15.75 acres, the N. E. ¼ of the same section 4. 1[illegible] acres, and the S. E. ¼ of 1[illegible]. 2[illegible]. 2, W.4th M., 2.00 acres. The S.½ of the N. W. ¼ of section 1[illegible], above mentioned, is under lease. The regular price of Dominion land is $3 per acre.

If you will state for what purpose you wish to acquire the three fractional parcels of land last mentioned, your application will be submitted for consideration. The Agent of Dominion Lands at Red Deer is being asked to report how they stand in his records,

Gentlemen,

In reference to our letters of the 1st instant and 1st instant, relative to that portion of the ... section 11, township 46, range 1 ... fifth meridian, not covered by Forest Lease, which Mr. ... Heinsolt desires to purchase, I am directed to inform you that Mr. Heinsolt ... entitled to purchase this fractional parcel, containing 18.71 acres, in 1898 but did not avail himself of the privilege. It has been decided, however, that as the adjoining ... of the section is Mr. Heinsolt's intended homestead, to give him another opportunity of purchasing the 18.75 acres, and the ... of Dominion Lands at Edmonton, to whom payment should be made, is being so advised. The title will be made at the current rate of $3 per acre and on the usual terms of payment, that is, either the whole of the purchase money at the date of sale or one-fourth cash and the balance in three equal annual instalments with interest at six per cent.

In reply to your letter of the [illegible] last, [illegible], in regard to certain lands which appear to be of special value, and your recommendation that no sale or patent on lands on the shores of rivers, lakes or navigable [illegible] on this land; also your letter of the [illegible] last enclosing a list of lands which have formerly reserved, stating that in your opinion such lands could not be disposed of at present entry, but that they should be reserved for [illegible]. You should also say what in your opinion should be done with the land coloured in pink on the plans, which it was been suggested might be reserved from entry.

I might say of the lands coloured in pink the fractional South East quarter of Section 14, Township 38, Range 1, West of the 6th Meridian, has been granted to Mr. A. Lemoine as a homestead and is, therefore, not available.

You should also say whether you concur in the suggestion that the lands hatched in red on the plans should be retained to the owners of the patented land adjoining.

that the portions enclosed in red on the plan should be disposed of to the owners of adjoining land, and that the lands shown in green and pink should be reserved for [illegible] purposes. The deposit is £16 16s. 0d.

[illegible] an exception be made in the case of [illegible] coloured green on L.S. 15 of Section 17, Township 28, Range [illegible] W.4th.M. He claims that that portion of the North East quarter coloured pink is owned by [illegible] and was reserved on several occasions to enable him to apply for the reclaimed portion of the same quarter by purchase. The application has been refused, owing to Mr. Hall's being unable to secure a title to the land (yellow) from the Canadian Pacific Railway Company.

[illegible] mentioned by Mr. Chambers in his communication of June, 1911, already referred to.

As requested by you, the North west quarter of Local Subdivision 15 in Section 17, Township 38, Range 28, west of the 4th Meridian will be held for Mr. David Hill, who it appears has applied to purchase this land in connection with his adjoining land, which he claims to own, but for which he has trouble in securing title.

It has also been decided that the land which is shown hatched in red on the plans sent you on the 29th May last is to be disposed of to the owners of adjoining land in accordance with the usual practice of the Department, and this matter is being referred to the Controller of the Land Patents Branch for action. These parcels hatched in red are not to be dealt with in any way until the owners of the adjoining land have had

Posting of Soldier Settlement Land.

Calgary, September 13, 1919

Notice is hereby given that after the expiration of [illegible] days from the date hereof, that is on and after the 24th September 1919 at 10 o'clock a.m. the S.½ & S.E.¼ Sec.9, N.½ & N.W.¼ Sec.10 Twp. 30 Rge. 1 West of the 5th Meridian will be available for entry pursuant to the Soldier Settlement Act and is more particularly described as follows:

On the day last mentioned the land will be open for entry by any soldier, sailor or nurse who has not already exhausted his right to obtain a patent for a quarter section or who is not the owner of more than a quarter section. The applicant must appear in person at the Land Office at [illegible] the land of his choice.

On the same day the land will be open for entry by any person who is not a soldier, sailor or nurse who has already obtained a patent for a quarter section or who is the owner of more than a quarter section.

For the first [illegible] days after the land is open for entry, it will be available only for homestead entry.

After the expiration of [illegible] days from the date on which the land is open for entry, it will be available for pre-emption entry.

Not more than [illegible] acres will be granted to any one person.

The price of the land is $[illegible] per acre.

In addition to the price of the land, settlers will be required to pay for improvements, if any, placed upon the land by the Board of Pre-emption Appraisers, and the amount so fixed must be paid before patent issues.

Payment of the purchase money may be made in [illegible] annual instalments, with interest at the rate of five per cent per annum.

Full information as to the terms and conditions of entry may be obtained on application to the Land Office at [illegible].

Reclamation Service

January 28nd, 1920.

Sir,

With reference to the proposed drainage of lands in the Cypress Lake District, I shall be glad if you will reserve in your records the lands enclosed on the schedule attached.

I beg to advise you that reservations placed against homestead lands will not affect any rights that the entrant may be entitled to at the time of entry, but in the event of cancellation or abandonment, that such lands will be reserved for reclamation by drainage. For this reason, you are hereby requested not to accept any applications for inspection from any private individual for such lands after the receipt of our letter of reservation. Any applications received prior to the date of reservation may, however, be dealt with in the regular way. In the case of an application for cancellation proceedings being taken after the receipt of our letter of reservation, you should at once notify the Dominion Lands Branch so that steps may be taken for an inspection, if necessary.

These instructions are given to that the Department can arrange for an inspection, if necessary, and reside only to existing homestead entries. It is not intended that you should accept any applications for cancellation proceedings but you should without accepting them advise the Department and inform the applicant that his request has been forwarded to Ottawa for consideration. Upon receipt of this request, the Dominion Lands Branch will take the matter up with the Reclamation Service, who will advise whether or not such lands should be released from reservation and you will be notified as to whether or not an inspection should be made.

In the case of certain returned soldiers and others who may have incurred expenses in investigating suitable land within this tract with a view to filing entries thereon, I beg to inform you that the Reclamation Service will offer no objection to such person or persons being granted the privilege of taking entry after the date of our instructions reserving such lands, provided the said expenses were incurred prior to the date of our reservation.

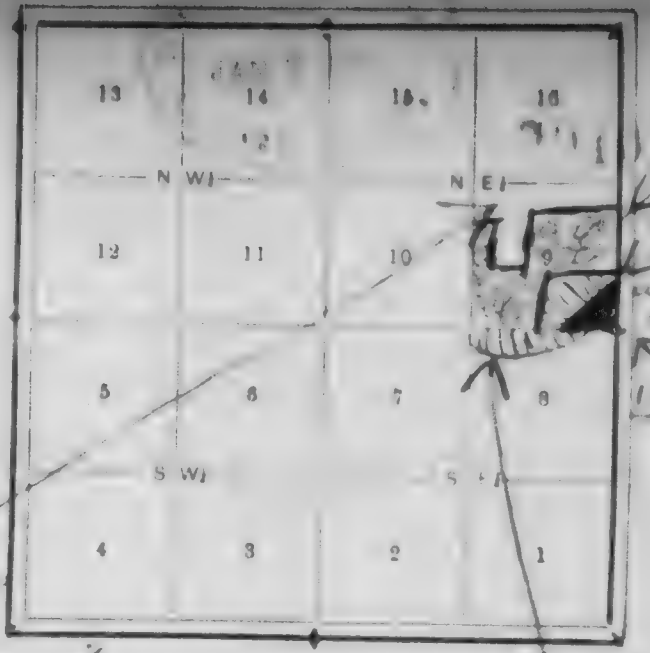

Please advise me when these reservations have been noted in your records.

re - fr.NE.1-12-26-1-5.

This franchise, as you are aware, is reserved by the Reclamation Service in connection with the proposed development of power here, at it is now intended to carry out the necessary field investigation this season.

A report on this file, dated December 4th, 1925, by Mr. Imrie, Inspector of Dominion Lands, states that the land is generally dry enough to be cultivated in dry seasons and is suitable for grazing purposes, but is too wet to be cultivated in wet seasons. Generally speaking the soil is suitable for cultivation.

Memorandum:

Referring to Mr. S.M. Robertson's memorandum of December 17, files 185[illegible]50, [illegible]36, 4203067, 117[illegible]72 and 1784 R.S., Mr. J.M. Walker, D.L.S., who was instructed to make a new investigation of Cygnet lake, has reported that he had been unable to make it.

Township 33-28-4 and township 34-1-5, in which Cygnet lake lies, were subdivided by E.J. Charbonneau in 1881. He traversed Cygnet lake which is shown according to his survey on the plans of these townships dated August 13th, 1884.

In January, 1913, it was reported that the lake had been drained by the Alberta Central Railway Company, and we were requested to make a survey for determining the area formerly flooded and which had become dry as a result of this work. C.J. Lamerton, D.L.S., who was instructed to make this survey, reported in 1913 that the drainage operations had not been completed; until they were, a survey would serve no purpose. He advised postponing the survey until 1913.

5 FILES. In 1914, A.L. Cumming, D.L.S., was instructed to make the survey. He reported that the Railway Company was not going on with the drainage scheme, and that the land from which the water had receded was a wet marsh unfit for agricultural uses.

In December 1916, we were again asked by the Secretary to make a survey of the lake: he was told that the survey would be made as soon as we were informed that the drainage operations had been completed. In reply to an enquiry, the Controller of Patents was informed by the Railway Company that the drainage had been completed. Thereupon J.S. Cote, D.L.S., was instructed to survey the dried up portions of the bed. His survey, which was made in 1916, is shown upon the plan of the township dated 17th February, 1917. From his report, it does not appear that any further drainage had been done since Cumming's visit. He was informed that the drainage scheme had been abandoned by the Railway Company.

In October 1918, it was reported to the Controller of Patents that the lake had again receded and we were asked to make a new investigation. This was done by W.H. Merrish, D.L.S., in 1919. He found everything practically the same as at the time of Cote's survey, but the lake was filling up again. Unless the ditch was dredged out, the water would continue to rise. He was informed that the Railway Company had no intention of doing any work.

In August, 1914, your Branch called attention to a new report that the lake had again receded and asked for a new investigation. It was in compliance with this request that instructions were issued to C.V. Walker, D.L.S.

You will observe that we have had investigations and surveys of this lake by G.J. Morgan, A.L. Cumming, J.H. Cote, and W.H. Norrish. They all agree that the level of the water has not permanently changed since the drainage operations were stopped but that it will rise if the ditch is not kept open. Under the circumstances it does not seem that further investigations would disclose about this lake anything that is not already known. I think that the lands should be dealt with according to the plan of the township dated 17 February, 1915.

Files returned.

Surveyor General.

General Remarks Continued:—

Yes, this land is practically all dry, There are about five acres can a little water on it now and will be dry by July. This land is not quite as good as most of the land I have reported on here, as there are very few acres of coarse grass on it, one would say 10.00 an acre would be a fair price I can see no reason why this should not be a sure [illegible] homestead. In 1908, before Council Lake was drained, Mr A. Pearce erected the S-E-¼-12-[illegible]-I-5. There were ten acres of the N-E- corner under water at I think may of Local Subdivision No. 4, as were included in his Title. The S-E- corner of Local Sec. 5, containing 10 acres was dry, while no spring [illegible] there is possible on quarter section. Now the N-E-¼-as are, altogether, and Mr. Moore can farm on it, also the 10 acres in Y.[illegible] Pearce's and No. 4 is dry., and by rule cross [illegible], Mr Moore should [illegible] the use acres. Ottawa 28th July, 1920.

Memorandum;

With reference to your memorandum of the 16th March last, marked, I beg to invite your perusal of the report of Mr. Homestead Inspector Grasse of the 29th ultimo. I presume that, under the circumstances, you will offer no objection to the formerly submerged portion of the E.½ of Section 12, Township 38, Range 1, West of the Fifth Meridian, being disposed of.

MEMORANDUM:

Land Patents Branch.

Re - Adjustments - E.½ 12-38-1-5.

Referring to your memorandum of the 28th July, File No.489731, herewith, there is no objection on the part of the Reclamation Service to the adjustments proposed, in view of the report by the Homestead Inspector that the area in question has now become permanently dry.

Department of the Interior,

MEMO.

DEPARTMENT OF THE INTERIOR
CANADA

Ref. 489782.

Memorandum:

[illegible] portion of the N.W.¼ of Sec. [illegible], T. [illegible] M. shown on the sketch coloured pink. Containing [illegible] acres.

On the 23rd September, 1918, Mr. Victor Moore made [illegible] homestead entry for that portion of the quarter section above referred to shown on the sketch outlined in green, and is desirous of having the portion coloured pink added thereto.

The Homestead Inspector in his report hereunder states that the parcel applied for has become dry and that $[illegible] an acre would be a fair price therefor. He recommends that Mr. Moore's application be granted.

The Reclamation Service offers no objection to the land in question being disposed of and in view of the fact that Mr. Moore is a returned soldier and would have had the 7[illegible] acres in question included in his entry had the same been available at the time, I beg to recommend that his application be granted.

Your file 36715

Referring to your letter of the 17th ultimo, (in which you enclosed Mr. Homestead Inspector Dempsey's report in regard to Mr. Moore's request to be allowed to prove up under the steep slopes of the regulations, I might advise you that the Homestead Inspector's report only covers seventy acres on this quarter section. That Mr. Moore obtained entry on the 23rd of September 1910, he only entered for eighty acres of this quarter section but he was advised on the 11th of August 1910 that seventy acres of this quarter section was being sold. The Homestead Inspector will be asked to report on all of this land now included in Mr. Moore's Homestead.

Sir,

I beg to acknowledge the receipt of your letter of recent date in reference to that part of the North-East quarter of Section 12, Township 38, Range 1, West of the 5th Meridian which you claim you sold to Mr. Victor Moore, and stating that he promised to fence same but to date has not done so.

In reply I may say that the matter to which you refer is one which does not come under the jurisdiction of this Department and will have to be settled between Mr. Moore and yourself.

I might add, for your information that Mr. Moore has been granted homestead entry for the balance of the quarter-section with the exception of 5.65 acres and has been allowed the privilege of substituting stock in lieu of cultivation, but before he can secure Letters Patent for the land it will be necessary for him to show that the land entered for by him has been enclosed by a substantial fence.

Dear Sir -

I beg to state that last year I sent in a statement as to improvements on the above land. You replied desiring me to write early as to why no patent issued on that land. I sent the copy of which I send to you herewith. Since writing you I have had three letters from Calgary & they do not seem to have had all the information I sent.

I would be very glad if you would send me back my original or a copy so I can send to Calgary as I want both statements to concur.

I have to send a copy to the Land Agent Calgary as you suggested in yours letter of the 31st Jan last. I gave him verbal notice

Moore requesting him to forward to this Office with contract and receipts of the purchase of the South East quarter of Section 24, Township 37, Range 1, West of the 5th Meridian, I am to inform you that a communication has been received from the Soldier Settlement Board, Ottawa, setting forth that Mr. Moore purchased the South East quarter of Section 24, Township 37, Range 1, west of the 5th Meridian on the 27th June, 1919, and that his loan appears to be in good standing. This evidence may be accepted as proof of ownership of the purchased land.

If the application for patent which appears to be in your Office is in order, kindly forward the document here for consideration.

Your obedient servant,

Secretary.

The Agent of Dominion Lands,
Calgary,
Alberta.

THE HONOURABLE CHARLES STEWART,
Minister of the Interior,
O t t a w a.

MEMORANDUM:

Request for Transfer of Dominion Lands.

Re: Victor Moore, No.523138,
N.E.¼ 12-38-1-W.5th M. - Had.

The above named settler secured advances from the Board totalling $7950., the Board taking a charge upon his unpatented homestead above described. Owing to such charge, patent to the homestead cannot be issued to the settler until his indebtedness to the Board has been fully discharged.

We are now in receipt of an application from Mr. Moore requesting that patent to his homestead should be issued in favour of the Board. Mr. Moore states that he has completed all duties in connection with his homestead and would be entitled to receive patent therefor were it not for our charge. This is confirmed by the letter from the Secretary of the Department to the settler, dated the 24th ultimo, copy of which is attached hereto.

In order to enable a settler to negotiate a sale of land in cases of this character, special Regulations were promulgated by the Board as approved by the Governor in Council on the 4th day of June, 1921, (P.C.1821), which enables the Minister, on completion of duties by the settler and on the request of the Board, to vest the settler's right, title and interest in the unpatented land held by him in the Board, title remaining in the Board until the settler's indebtedness to it has been repaid. Under the provisions of these Regulations, the Board hereby requests that the right, title and interest of His Majesty in the N.E.¼ of 12-38-1-W.5th M. be vested in the Soldier Settlement Board. The Vesting Order covering same is attached hereto for the Minister's signature.

Respectfully submitted.

Memorandum.

Mr. Hume.

N.E.¼ 12-38-1-W.5th M.,
Homestead of Victor Moore,
Entry granted - 23rd September, 1919.

Application to have patent for this land vested in the Soldier Settlement Board under the Order-in-Council of the 4th June, 1921, (P.C.1821.)

This entrant has obtained advances on the security of the above land from the Soldier Settlement Board.

Amount ----- $7950.00.
Purpose ---- Not stated.

He has applied for patent claiming duties as shown on Form 58A hereunder marked. Apparently his duties have been completed in a satisfactory manner and the application has been accepted, but in view of the above mentioned loan he was advised that patent for this land could not issue in his name until his indebtedness to the Board was paid in full.

In a memorandum hereunder dated the 15th instant the Soldier Settlement Board reports the receipt of an application from the entrant to have patent for this land issued in favour of the Board, and it is pointed out in this memorandum that this would enable the entrant to negotiate a sale of the land. A Vesting Order for the Minister's signature is attached.

It is suggested that the necessary action be taken to have patent for this land issue in the name of the Board.

MEMORANDUM.

F. H. Peters, Esq.,
Director Topographical Surveys.

N.W. 12-30-1-W.5th M.

Mr. Victor Moore, the homesteader of the above-mentioned quarter section, claims that this land was secure Water dry up to advantage of the lake. Kindly advise me if you have any information as to the drying up of the waters either by drainage or by natural recession of the waters.

Report on lands surrounding Cygnet lake

The major portion of the lands surrounding Cygnet lake were investigated and classified by myself during the season of 1923.

The survey showed the lake to occupy a much smaller area than shown on existing maps, this being due to the drainage of the lake for railway construction purposes.

The accompanying land classification map shows the outline of the present body of water also a dotted line shows the former bed of the lake. The reclaimed lands have, for some years, produced large quantities of a good quality of wild hay, which has been harvested by the adjacent settlers.

At the time of the survey (early in June) a portion of these hay lands was covered by a few inches of water; this was due to the excessive precipitation at the time and is not by any means of a permanent nature.

It is not likely that the present level of the lake will be changed to any extent. A higher level would do damage to the Canadian Pacific railway passing through the southerly end of the lake. Also on the other hand any project for completely draining the lake would receive considerable opposition as it would affect the level of Sylvan lake which is a popular summer resort and largely patronized.

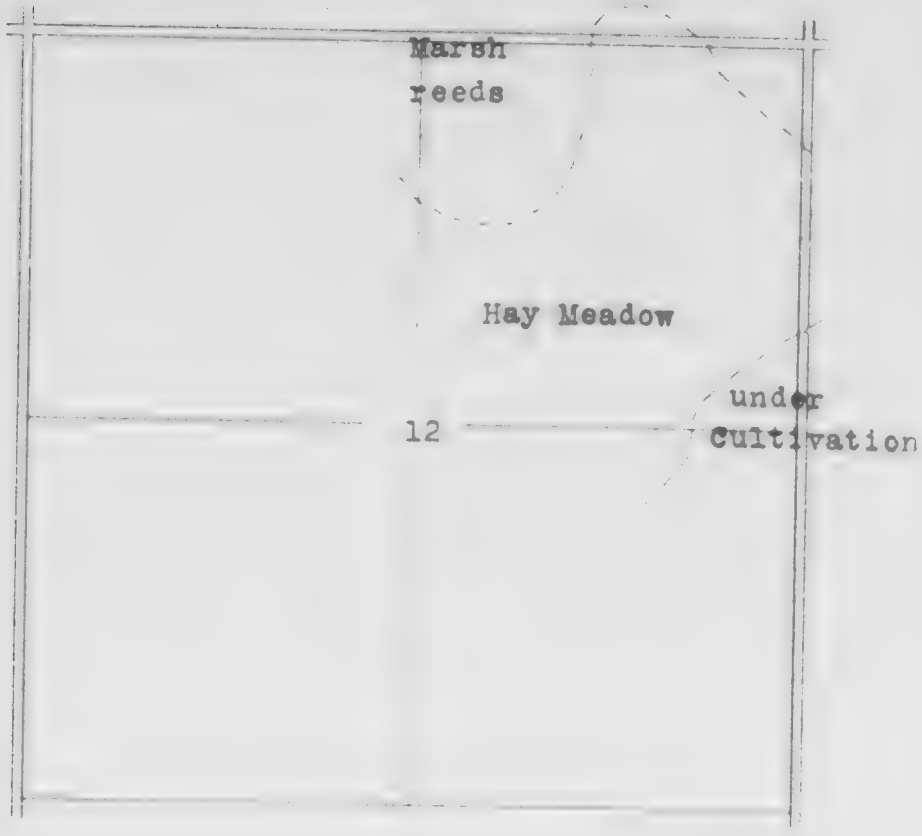

The district west of Red Deer is pre-eminently a dairying country, and in general the winter fodder consists of timothy, alfalfa and green feed; very little wild hay is harvested; as a matter of fact most of the low lying lands have been drained, plowed and sown with timothy, which does very well on these lands.

I have heard suggestions to the effect that the reclaimed lands surrounding Cygnet lake be reserved for hay and leased to the adjacent settlers. For reasons already stated it is my opinion that these lands should either be sold outright or homesteaded. Even though the lands might be subject to periodical flooding, the same procedure as in other parts of the districts would likely be followed. The lands would be cultivated and greater quantities of a better class of fodder produced.

Your Reference - 3-879.

I beg to inform you that the Agent of Dominion Lands at Edmonton has forwarded to this office the application for patent of Mr. Moore, for his Soldier Grant entry, the land above described.

In checking the application for patent it is noted that the entrant claims he performed residence on the S.E. 24-37-1-W.5, which he states he purchased from the Soldier Settlement of Canada.

Before further consideration may be given to the application for patent it will be necessary to ascertain what equity Mr. Moore has in the said parcel of land upon which he performed his residence.

I am therefore to request that you be good enough to advise me if the homesteader is a good settler, and if he is meeting his payments in a manner satisfactory to your Department. You should also advise me what equity he has in this parcel of land. On receipt of the required information the application for patent will receive further consideration.

DOMINION LANDS OFFICE

Edmonton, Alta., 21st. September 1901.

Sir,

I beg to enclose a defense filed by Mr. Thomas Edmunds of Spruce Grove, Alta., to the cancellation of his entry for the S.W.¼-12-52-27-W.4 M. He does not appear as yet to have done any improvement on the place, but is very desirous of retaining it. He was to have sent in a witness to corroborate his evidence as to his being unable to get to this land on account of the impassability of the roads. but as yet, has not done so and I think it well to submit his defense. I can vouch to the fact that we have had a very wet season here. I have not asked the Homestead Inspector for a report.

Your obedient servant,

Acting Agent of Dominion Lands.

Mr. Pearce
Dominion Land Agent,
Calgary.

Dear Sir;

I have just received a letter from Mr. Moore of Bowden, Alta, saying there was a notice put in his office of a cancellation of my Homestead, the south east quarter of section 12, Township 34, Range 29, and I would like to know if there would be any chance of you holding it till spring as there can be nothing done to it this ~~spring~~ fall, I will be on it early in the spring. I have paid dearly for everything I have put on the place and it seems hard to lose it after all the hard work and money I have put on it. I have posts all round the quarter section wich I was going to give a contract to have them out in but if it is going to be cancelled there is no use of me putting them in but if you will hold the place for me till next spring, I will have the posts put in this fall you see if you can reserve the place till spring I will have the means to go on the place in good shape. I am interested in a mine here and the mine is bonded for $ 10,000 and we expect to sell every day so you see how I am situated. I fully intended to go on the place as I have a team of horses there. My house is not in a good shape to live in for the winter. You will do me a great favor if you can hold it for me. Please let me hear from you as soon as possible and oblige,

yours Truly,

CROWN TIMBER OFFICE,

Calgary, 4th April, 1900. 189

Sir:-

Referring to your communication of the 27th ultimo, File 489798, returning the application for patent of Mr. Edward Nolan for the S.E. 1/4 of 12 - 34 - 29, West of the 4th, in order that the Homestead Inspector may enquire into the matter, I beg to inform you that I have talked the matter over with Mr. Thompson, who has just recently returned from the North country, and that Officer states that Mr. Nolan resided upon the land in question from the time he made his report on the 14th of July, 1899, to some day during the last week of February, 1900. He left for the mountains two or three days before he, Mr. Thompson, arrived. This information Mr. Thompson obtained from the neighbours.

I have compared the application for patent with the report that Mr. Thompson made in July, 1899, and also with the residence given in the unsigned application of the 29th September, 1898, referred to in your letter, and find quite a discrepancy. There is one way of accounting for the discrepancy, and that is, that every time he appeared at this Office, he was under the influence of liquor, and it was a difficult matter to obtain answers to the questions in a proper manner.

Mr. Thompson has undertaken to ascertain Mr. Nolan's address and notify this Office. When that is done, I presume it will be necessary to have somebody in British Columbia, where he is residing, authorized to take a supplementary declaration in order to close the matter out.

My Reasons are, he has been here 3 or 4 years, going from me thing to another & making a failure of all, and decrying the Country for his failures. He is well acquainted with the Country & took ankle time to see it having been in the district at least 2 years before he entered ought to have known what he was doing.

Previous to receiving Your letter I addressed You on the subject formerly to which I Respectfully Call Your attention.

No one is more alive to the Settlement of the Country nor will do more to settle it than the writer, but there are a certain Class of dissentents, which any Country is better without & Clark is one of them.
